Gallery Porto Hostel

Extremely warm welcome. Staff makes you feel right at home. Best Hostel I've ever stayed in.

Thank you!!

Everything was nice about the hostel, but we were 2 travelling together but were given separate beds; which means we got 2 upper beds and no lower bed. It was difficult to climb up every time even if you want to sit down for sometime !!

Greatest experience ever! A must-go!!!! Worth the money

Superb!! I am afraid that I cannot book again because everyone wants to stay at your hostel. It was really fantastic! Thanks again for the good mattress and morning buffet!!!

Gallery Hostel is top notch and incredible value for your money. Excellent customer services, beautiful place, good security, and the staff are always helpful! I really felt at home. It's also a good central location and walking literally takes up to. 5-20 minutes anywhere. It was really hard for me to leave the hostel because of their awesome amenities. Free continental breakfast, nightly dinners, and activities are worth going to. Thank you Ines, Alex, and Nunu!!!! You guys are my favorite!!

Excellent hostel, clean facilities, very warming staff, and artistic in nature. The location is in the heart of the art district and their breakfast was delicious. Arriving to the hostel was quite an adventure due to construction. The living rooms before the kitchen were very comfortable and the decor was quite quaint in a good way.

Right in the centre so it's easy to explore. Lovely surroundings and interior with nice helpful staff. Would come again (hurt my foot so missed out on things)

I loved this Hostel! It had a really great atmosphere for solo travellers and the dinners were amazing! I'd advise this Hostel to anyone!

The best Hostel we have stayed in to date and to beat this is going to be extremely difficult. Great free breakfast, wonderful art, clean room, wonderful staff and just a really great place to hang out. No question, we will return

Great hostel, really friendly and helpful staff. The female dorm is large with a private bathroom (2 showers, 2 toilets and 2 sinks), big lockers and space around the room for luggage etc. Great breakfast and really nice communal areas to hang out. It seemed to be quite a grown up hostel- a slightly older crowd and while there were people to talk to, it didn't seem like a party hostel (which is a positive as far as I am concerned!). The street is pretty quiet but near shops, restaurants etc.

Beautiful hostel, really great facilities and friendly service. Best in Oporto for defs.

Although the Gallery Hostel seems to be quite expansive compared to all the other hostels in Porto, a stay is absolutely worth it! The staff is really nice, the breakfast is just awesome. They even make you fresh scrambled eggs, they serve cake and fruit salad. The atmosphere is very familiar and the location just in between the art neighbourhood with lots of nice little shops, bars and cafés. The hostel itself and the common areas are really nice and cozy :)

My stay at Gallery hostel was really good. Hostel is located close to all the main attraction. I love all the paintings in the hostel. Hostel staff was really nice and helpful. Paulo was really helpful and provided me with the list of places to visit and restaurants to try. Breakfast was really good.

Gallery Hostel was incredible! From the warm welcome (including a long chat about Porto sites and a guided tour of the hostel), to the beautiful space, this felt like a mash-up of a boutique hotel and being welcomed into someone's home. Perfect place to call home while you are in Porto! It's a smaller hostel and I was there in off-season, so not much of a social scene but the walking tour is a good way to meet other people if you're a solo traveler.

Gallery hostel is a pleasant, cozy and original hostel full of Portuguese art, history and culture. The staff is extremely friendly, welcoming and helpful. Facilities are very clean,

all is very well marked and understood. The idea of home dining at the hostel was very nice experience and the food and wine were delicious.
Very nice hostel i had some amazing dinner nights with Alexander and shared some great stories. Rooms are really nice and everything is really clean just keep in mind that in general it's a pretty quiet hostel so if you want more socializing and partying you should look elsewhere.
This is without a doubt the best hostel I've ever stayed in my life. The staff is super friendly, the house is beautiful and the rooms are super comfortable and practical. Definitely recommend and looking forward to staying there again when I return to Porto.
Perfect for me and three teenage boys visiting Porto for the Champions League. All very happy! (5-0 to Liverpool was a bonus).
Very nice place to stay, great location, very clean and spacious. Try the dinners!
After 2 months of travelling and 10+ hostels stayed in Europe wide - this is by far my favourite. Great location, spacious and lovely rooms, the staff is amazing and so helpful, super clean and comfortable and also the dinners are such great value. A total must. Would come back to Porto just to stay here. I will say that this is a more laid back hostel, it's not a place for those who love to party all night (which is perfect for me)
The place was great! It looks exactly like the pictures, and the staff was super friendly and helpful. The breakfast was good (eggs, toast, cereal, fruit). I will say it gets a bit chilly at night in the winter, but the blankets they give you are really thick and warm. GO ON THE WALKING TOUR!! It was the best decision, and the guide was amazing and was able to give us recommendations on where to eat lunch and other places to visit. Also, the place is a short walk from everything in Porto.
Clean, with an amazing atmosphere thanks to all the artworks and incredibly helpful and professional staff who tell you where the good spots in the town are. Would definitely stay here again!
Great place!! They had homemade breakfast included every morning, getting in and out on your own time was very simple. The only complaint I had was that our room was very cold and the heater didn't work very well. The showers were very nice and the decoration was done so well. It is 6 flights of stairs so just be aware of that with luggage, etc. Highly recommend this place to stay in Porto.
Lovely stuff, clean and cozy place. Love it!
The best hostel I've ever stayed so far. Location is great, staff are absolutely amazing esp. Joan and Alex (can't praise them enough for their professionalism and friendliness!!). The room that I had was spacious, had lockers with keys and had 2 ensuite toilets and 2 showers which was absolutely perfect. I have nothing but praises!
The staff at Gallery Hostel Porto is wonderful - Super nice people & very accommodating! One of the best features is the free walking tour by one of the hostel staff. They gave us a great overview of Porto, and gave us a chance to get to know the other people staying at the hostel. Wonderful location, in walking distance to everything in Porto. The doors are very heavy on the dorm rooms, so if you are a light sleeper, it might not be best for you. Loved the art, atmosphere and the port tasting!
Best hostel stayed so far, staff is super friendly and helpfu, especially Joanna she was so sweetest hostesses! Place is neat, secure and stylish.. worth the stay!
Gallery hostel was super nice!!! They have the best hostel breakfast, everyone seems happy to do their job, and the place is really clean. Sometimes you forget you re in a hostel. Even though I had problems with my luggage not arriving at the airport, they still made me feel relaxed and made me enjoy my stay even with the stress if not having my luggage. I would definitely recommend this hostel!
It was perfect. I loved because the whole hostel smells clean.
Pessoal prestativo e simpáticos, ambiente limpo e agradável, quartos e armários grandes, banheiros impecáveis... enfim aquilo que uma usuária de hostel procura, recomendo... amei!

Goodmorning Lisbon Hostel

This is definitely the best hostel I've stayed at so far. The staff are super friendly and helpful, and they organize all sorts of events and activities to meet other guests and learn

<p>about Lisbon and Portuguese culture. The breakfast is really good. The only problem I had was that someone took my shoes that I left out in the room :(that's not their fault though</p>
<p>Convenient location that's right outside a metro stop, great breakfast (the best hostel breakfast I've ever had), very accommodating and friendly staff, clean bathrooms and bedrooms, and lots of scheduled activities if you want to meet new people. Overall, we had a great experience and would stay again.</p>
<p>Enjoyed the night spent in this hostel. The staff were all amazingly helpful and made me feel very welcome. Didn't get involved in the activities run by them as I was a little run down after a conference, but there were a lot of people having a good time so a good choice for solo travellers. Lastly, the breakfast in the morning was one of the best I've had in hostels with fresh scrambled eggs, waffles and cheese and tomato toasties.</p>
<p>Without a doubt the best hostel I've come across in my 3 months around Europe. The staff were incredibly welcoming, in particular Ana, who helped us check in and was always helpful when we spoke. The Sintra trip is really worthwhile, Bernardo was a cool tour guide and I had a awesome day touring around with him and the other people I met. It wasn't only these two, all the staff are so nice and it felt like at the of the day that were we coming home. Along we this everything else is top notch!</p>
<p>Nice hostel with a very good atmosphere. Every day AND night various activities are organised from day-trips to Sintra or surfing, cooking classes and of course pub crawls. The hostel won't be quiet before 00:00, but when the pubcrawl leaves at 22:30, most party people are gone for the night. The included breakfast is amazing! Furthermore, the hostel is very clean and staff is very friendly and helpful! Definitely recommend the hostel even if you're not a party animal.</p>
<p>Really awesome place to stay, full of activities and suggestions on where to go in the city. Centrally locates, amazing free breakfast, would recommend!</p>
<p>BEST hostel to stay at if you want to do cool activities and meet people. The staff is so welcoming and very involved with activities and helping guests out. I went on the Sintra day trip and it was the best thing I did during my vacation (it's 40 euro & very worth it). There's cooking classes (take one!), free drinks every night (their sangria was better than the bar's) and overall it's very clean, safe and great for meeting people. Also, thanks to João for being the best tour guide & chef!</p>
<p>Wow! This is quite a hostel. I walked in to an incredible warm and welcoming staff, was received with a free sangria (between 1900-2000) and talked with some great people. The social vibe of the hostel is fantastic with events, dinners, cooking classes, tours, and a HUGE breakfast. The hostel is immaculately clean and my bed had a curtain for a somewhat early night. Location is also great, and lockers are large. Perfect home base by the metro too.. Thanks!</p>
<p>This place was truly amazing! The staff are wonderful. It's clean. It's affordable. Each bed has its own small shelf, light, and plug socket. There is free breakfast included and it was spectacular (eggs, waffles, grilled cheese, orange juice, coffee, etc etc).</p>
<p>Great atmosphere, amazing breakfast, solid location, relatively clean facilities... Everything you could ask for in a hostel. I would highly recommend this hostel to anyone traveling through Lisbon.</p>
<p>This hostel was excellent. Staff made me feel very welcome and there were loads of other solo travelers to meet in the evening at the free happy hour. The free breakfast was really good as well. Excellent value for money.</p>
<p>Best hostel I've ever stayed at by far! The downside is that this will be the new standard I hope for at all hostels from now on. The price is amazing, the staff is super welcoming and they organize a lot of activities so if you procrastinated and didn't have much of an itinerary (this guy) you are sure to still have an amazing time. I'll be back!</p>
<p>After 5 months of travelling in Europe I can confidently say this is the best hostel I've stayed at! I was solo travelling for the first time on my trip and wasn't sure what to expect. The staff were amazing and the planned events allowed me to meet a lot of people! I loved every second of my stay!</p>
<p>Big hostel, lots of people, very friendly environment. Went out both nights and stayed out late. Privacy curtains were a plus. As a solo traveler had no problem making friends. Staff remembered my name throughout, too. The free all-you-can-drink happy hour makes it easy to meet people, so do the evening activities. Would stay again if I were in Lisbon again.</p>
<p>Com certeza um dos melhores hosteis que já estive.</p>

Great staff, great facilities, great breakfast and great people!!
Good place, nice staff and atmosphere. What was not so nice was that sometimes the staff would forget about things they said they would do, so I would be there waiting without getting an answer. It happened a couple of times.
Great place to stay! We stayed during the week since the weekends were a tad more expensive but it would have been worth the money. Huge, great breakfast, big rooms and activities organized during the day and night. Loved the free sangria from 7-8pm! Bathrooms stalls were quite small but the showers were great. I highly recommend it!
Was a really great stay as the hostel is very social. Might be one of the best hostels I've stayed at would definitely recommend staying at this hostel if you ever visit Lisbon
The best hostel i have ever been!
I've stayed in many hostels and this is definitely the best one ever. At first i thought the price was a little high, because it's higher than some other hostels in Lisbon, but you definitely get your Money's worth. Breakfast is included and it's actually quite good, there are eggs, toast, waffles, fruit, vegetables etc. there's also free sangria and beer every night. The staff were very friendly and helpful. I would absolutely stay here again if i ever get the chance to go back to Lisbon.
Absolutely awesome. I was there on a stag in a group of 10, all in the same room. The staff couldn't have been more helpful and friendly. The free beer happy hour certainly went down well with the lads! Would recommend it to anyone travelling to Lisbon. Great job!
Best hostel i've ever stayed in!
Staff were very friendly and helpful. The rooms and bathrooms were neat and clean. We only stayed the one night but noticed that day trips and activities were organised if you wanted. Happy hour was a bónus and staff made a genuine effort to make sure everyone felt included.
Reached Lisbon Hostel with one tragedy. Lost Money (pickpocketing probably in Porto). When Hostel staff got to know about this, staff was very cooperative in terms of giving me strength and cheering me up. Happy hours time was cherry on a cake! Beautiful buzzy atmosphere. Stayed in girls dorm. Perfect blended. Breakfast is yummm. Staff is very knowledgeable. Always ready to help. Had a good time. Would always recommend to solo woman traveler. Thanks goodmorning hostel 😊
Goodmorning Lisbon Hostel lives up to all the wonderful reviews. Staff was super friendly and helpful with things to do in the city. Facilities were clean and comfortable. Free breakfast, free luggage storage before and after checkout and free happy hour every night can't beat this place.
Perfect i tis really the best option! The staff is great, also the room and the bathrooms! The breakfast delicious! I mega recommend it. Enjoy the beautiful Lisboa.
Absolutely amazing hostel! The beds were great the people were so welcoming the breakfast was delicious! Very secure location right next to the metro. Definitely recommend this hostel to anyone looking for na extremely comfortable stay!
Had a fantastic time! The staff are all wonderful, free beer and sangria during happy hour, free breakfast, wifi everywhere, toilets and showers immaculate. Had such a good stay. I'm guaranteed to come back. Jamie and Josh from Aus.
Pena que tive que pagar na hora, pois havia feito uma reserva pelo Hostelworld e chegando lá, não havia sido descontado no saldo que eu tinha do Hostelworld.
Very nice stay during easter weekend 2018. Staff very nice and helpful, great fresh breakfast every morning, boardgames and sangria available... great atmosphere! Special thanks to Bernardo for guiding us all day during Sintra Tour! Would definitely come back there next time!
Great hostel with really friend staff!
Phenomenal all around. Great atmosphere and everyting i was looking for and more.
Goodmorning Lisbon is the best hostel i have ever stayed. Great atmosphere, staff and rooms, everyone makes you feel like home. Loved my stay. You should definitely stay here if you want to have a better trip.
My second time in this hostel. I mean family. This place goes beyond others in what comes for the staff, atmosphere, warmth, activities offered from the hostel and breakfast. And i'm surely forgetting something from this list. Thank you again.
We had a great stay at the goodmorning hostel. We booked it at the beginning of our trip and came back again at the end. The stuff were great, they take care and every evening

<p>there is a special event that helps to come together with others in the hostel. The breakfast is amazing for the standard of a hostel, during our trip through Portugal it was far the best. One evening we joined the cooking class with João and it was such a great time. I would choose the same hostel again.</p>
<p>Best hostel i have been so far!</p>
<p>One of the most amazing hostels i've stayed at. If i come back to lisbon i will not hesitate to stay here again. Great staff, rooms, Food and people. You really feel like home here and i loved it so much that i actually stayed another night.</p>
<p>Just brilliant! Staff are amazing!</p>
<p>We enjoyed our stay. It is a great place to stay if you enjoy interacting with locals and World travellers. If i were at Lisbon for a long time and had a bit more Money to spend i would stay at goodmorning hostel. Some reasons include: it is highly rated and recommended, the staff are welcoming, helpful and genuine, the breakfast is great with variety, the security lockers are easy to use, they offer interactive events every day from parties to local city tours. Not the cheapest, but worth it.</p>
<p>I only stayed here 1 night as had spent a few days outsider of Lisbon and wanted to be closer to the airport. But saying that! It was a Friday so i went to the happy hou rand the drinking games events and the bar crawl and met some really amazing people! And that includes the staff. The rooms were great, breakfast was good, there was na issue with the keycard so i just got a regular key! Make sure you have a 2 euro for the locker! Would highly recommend this place, i'd stay again if back in Lisbon!</p>
<p>Fantastic hostel - thanks very much.</p>
<p>Had a great time at this hostel. The ambience was great. Food was delicious. An excellent social atmosphere. Really have no complaints. Wished i could have stayed longer.</p>
<p>Was fun, good breakfast. Free Sangria and beer for happy hour. Overall good hostel.</p>
<p>I have stayed here twice already (and will coming back for a third time with my little sister) and it is definitely one of my favorite hostels. The bathrooms are very clean, the beds are comfortable, the rooms are spacious, the breakfast is delicious, the locaiton is perfectly in the center of everything, and the staff is so so sweet! I did the Sintra tour with joão two years ago and it was so worth it - it was such a fun and amazing day. Thank you for everything and you see you guys soon!</p>
<p>I spend na unforgettable week in this hostel. The stuff is awesome, they are always helping you, they have an open ear for everything and they are always trying to make you feel welcome. At the end it the hostel became like a second home to me and that's how it should be like. The room was great, the bathroom was very clean, there is nothing that i could complain about. The activities in the hostel are so much fun and generally the atmosphere is amazing. It's the best hostel ever been to.</p>
<p>Absolute favorite hostel ever. I will 110% come back to stay here again. The staff is incredible and the atmosphere was trully one of a kind.</p>
<p>They made my first hostel stay incredible. The staffs are friendly, helpful and kind..very kind. I would rate them more than 10 if i could. I am definitely staying again in this hostel.</p>
<p>Um dos melhores hostel que eu fiquei. Todos funcionários muito atenciosos ótima atmosfera, incluindo passeios para sintra e outros. João foi fenomenal além das jantares que ele faz.</p>
<p>My trip would not have been the same if i stayed somewhere else. Rooms are nice with outlets at each bed and lockers inside, bathrooms are very clean, and the staff is just super welcoming and help creat a great atmosphere. There's free breakfast and free beer/sangria from 7-8pm every day! The highlight of the trip was joining a few of the staff members on a night out to truly get the local perspative.</p>
<p>There's a reason why Goodmorning Lisbon has a really high rating. Everything from the facilities to the drinks and Food were outstanding. The staff were on another level though, just absolutely brilliant and so, so lovely. Be prepared to extend your stay, because you'll love this place like i did. Hands down the best hostel i've ever stayed in.</p>
<p>This i show every hostel should be! As a solo traveller, i have never found it this easy to make friends in a hostel, the free sangria and beer is amazing, as well as the free dinner. The waffles with nutella were perfect. Went on the best walking tour with wild walkers (With sofia). It just has a great vibe, with games and even movie nights. I wish more hostesl were like this. Will definitely return!</p>

Awesome! Amazing! Perfect! Everything was perfect!! Good location. Awersome staff, very clean (room, bathroom, kitchen) activities, free beer y sangria during one hour each day.
I didn't like the staff very much. Aside from João who was the greatest ever, some of the staff felt a bit antissocial, others seemed only to want to drink and party with the guests. The breakfasts were indeed amazing and i met some amazing people while staying there who i am still in touch with so it was a great experience overall and the hostel was a clean pleasant place to sleep and hangout. I just wish the staff had lived up to what i read in the reviews.
Went here for um 23rd and was the best way to start my year! Staff friendly and welcoming, and the free sangria and beer every night really was a great way to start the night and meet new travelers. Didn't know what to expect from Lisbon, fell in love, definitely want to return. When i do, staying here again.
Pros: The hoste lis in the heart of the city, the staff were friendly and very helpful, the facilities were always clean, and breakfast is good. One of the best hostels i've stayed in. Cons: no lift in the hostel so carry those bags and the floor in my room was creaking every time someone is up and walking. Overall, it is a fantastic hostel and cannot recommend it enough. I would surely stay here again.
Loved our stay here, easy to get to all the main sights of Lisbon, staff is so friendly, and the breakfast is amazing.
Excellent hostel all around.
Stayed in a lot of hostels around the World, some fun, some chilled and some absolute hell holes. Upon arriving at the Goodmorning Lisbon, i was met with so much warmth and happiness from the staff. The free breakfast is wonderful, and everyone is always so happy to see you. Free happy hour drinks in the evening was not only generous, but allowed the guests to mingle and let their hair down. I made friends not only with fellow adventures, but also the staff. A wonderful place to stay.

Home Lisbon Hostel

This is by far one of the best hostels I have ever stayed in! If you're going to stay in Lisbon stay in this hostel. Amazing staff! So helpful and friendly! Super clean. Hands down one of the cleanest hostels I've ever stayed at. Mama is absolute sweetheart! She literally cooks and serves and eats with the hostel guests. Truly an amazing stay. Will stay here again when I come back to Lisbon.
Hands down... best hostel. Highlights: •Location is in the center of everything! •The hostel staff give free walking tours everyday. • Breakfast! Only 2€ and you get eggs and sausage! Fresh fruit! Definitely the best breakfast spread I've ever had for a hostel. • Sleeping on a cloud! The coziest and most comfiest bed. And the beds are designed to give you enough privacy even though you're in a hostel. • Clean, clean, clean! • Cute decor and great views from my bedroom terrace.
Really well done hostel. They've thought of everything! Friendly staff, fun atmosphere, clean and quiet.
Home Lisbon lived up to the reviews! Mamas dinner is a MUST try-3 course dinner with unlimited wine/beer for only 10€! Also a fantastic way to meet people. Beds were super comfortable. Rooms were spacious. They also offer day trips to Sintra for 20€, sandwich and water included. Highly recommend BUT my passport was stolen from my dorm the morning I was packing up. Staff did EVERYTHING they could and even followed up later to see if they could help me in any way. Bad luck? Still would stay again!
Great hostel! Love the beds with the privacy curtain. Bathroom was acceptably clean, but having won so many awards, I kind of expected better. The Sintra tour was absolutely worth it though!
Staff and atmosphere are lovely! Great place to meet other travellers and share stories! I will be back one day :) thank you for a lovely experience.
What a great place! Great atmosphere! Good breakfast! Helpful staff and what a cool building lots o history there!!
First hostel I've stayed at in my life. Great staff and owner, very friendly and resourceful. Rooms are nice, beds are good for a hostel. Showers and restrooms are nice. Getting to know other travelers made easy with multiple activities and especially mama's dinner(great deal),

helps people socialise. Great place, amazing location, amazing staff. Interesting tour Would go back in a heart beat.
Great location close to metro station, buses and waterfront. Pink St and nightlife within walking distance, we walked everywhere while in Lisbon or took metro for further destinations. Staff are friendly and happy to give you suggestions for food and drink. The breakfast buffet is good for 2 Euro. Never had to wait for the shower, but the stalls could use more shelves for clothes and toiletries. The bunk bed was creaky, making lots of noise when I rolled over or climbed up to the top bunk.
Great security. Easy check in. Staff was extremely helpful and kind. The bathrooms were clean. Beds were sooo comfortable. They have great daily activities and everyone should try the mama's dinner at least once while there. The hostel was in the middle of everything so it was easy to get around
Home Hostel sets the bar for what a hostel should be -- the staff are your friends, the atmosphere is the reason you travelled, the people you meet will leave a lasting impression. The vibe of Home sits in a fantastic place. It's not a party hostel, but it's far from boring. Enjoy the incredible home-cooked meals from the hostel's Mama, indulge in a day out with a lesson from the resident surf teacher, or visit one of Lisbon's many proximal landmarks. You'll be very sad to leave Home.
Excellent hostel that lives up to its reputation. Really good information given on arrival plus welcome drink, many activities offered during the day including walking tour, surfing etc to sign up to, and the nightly three course dinners made by 'Mama' (even made vegetarian or vegan if required) are a very good way to meet others, with optional pub crawl after. Spotless rooms and bathrooms too and amazing location!
Friendly and helpful staff. Mama's dinners brought everybody together.
I loved Home Lisbon Hostel!!!! The staff were funny and personable, the owner is there most nights to make family dinner for the guests. Mamma is so wonderful! Everyone in the hostel wants to make new friends - I met so many cool new friends here! My only regret was eating the vegetarian dinner on the last night of my stay - I got food poisoning, but had eaten the veggie dinner without a problem two times before that one bad experience. They have tons to do here and everything is so clean!!!
Decent hostel, rooms were extremely small and there was no where to get ready in the morning. Only one area for bathroom/showers to be shared for the entire floor, so they were always busy in the morning. There was construction going on as well.
Probably one of the best hostels I've ever been! Great atmosphere with a very enthusiastic staff. :)
Great experience! Highly recommend Mama's dinner, day trip to Sintra, and walking tour of Alfama. Very nice place!
Honestly the best hostel I have ever been to. There's an instant family from the moment you walk in the door. The staff (and Mama) are wonderful and want to make sure you have a great time. There were many other solo travelers and it felt very safe.
great way to visit lisbon. wished for a bit more space in showers, and a taller safer railing on the staircase
I loved everything about this hostel. The food, the people and the general atmosphere. Mama's dinners were incredible! It felt like being at home. Would definitely stay here again. 😊
Man this has been one of the best hostels I've stayed in. Best staff. Best accommodation. The food was superb! Definitely feels like HOME. 😊 I met a lot of awesome people here. If you're in Lisbon, you should book this hostel!
One of the best hostels I have stayed in. Great location, the staff is friendly and you should definitely try Mama's dinner. It is quiet and clean and full of cool people. Will definitely stay there again. Try the cafe downstairs - Nicolau! Great breakfast, but since it is so popular you might need to wait a bit to be seated. It is worth it, though!
Excellent place and love the Mama's cooked dinners they have 5 nights a week.
Simply amazing hostel. This is THE place to stay in Lisbon. Staff are so friendly and helpful. Can't recommend enough!! Mama's dinners are a must!
Foi ótima a minha estadia no Home Lisbon Hostel. Não tenho nada a reclamar. :)
One of the best hostels that I have ever stayed in! The staff was very friendly and competent, everything was clean, the beds were comfortable, the activities provided by the hostel were good - everything is made with care. Thank you, if I ever come back du Lisbon I would choose you again:)

<p>I backpacked Europe for a whole month and went to six different cities and this was easily the best hostel. Home Hostel is perfect for Solo travelers. Instantly greeted by a smile & by a very welcoming staff. The beds were extremely comfortable /clean and the room had a very large locker bin to safely secure your bag. The best part was the nightly dinners made by 'Mama' the owner, where you can meet fellow travelers . Organized day trips to a variety of locations are a lot of fun!</p>
<p>Easily one of my favourite hostels, the dinners are amazing and everyone is so amazing and nice! I felt comfortable just chilling by the bar by myself but also easy to meet other people. Rooms are clean and everything was great! Good location</p>
<p>Best hostel ever! Obrigado!</p>
<p>Staying in Home Hostel in Lisbon was one of the best decisions and we would recommend this hostel to everyone and will always come back there! It's one of the best hostels we ever stayed in!</p>
<p>Mama's dinner is fantastic and a great way to meet other travellers. The location is perfect and the staff really makes this hostel feel like home!</p>
<p>Awesome stay here. Really well designed hostel, beautiful rooms and super comfortable beds! Loved the bar/eating area and Mama's delicious dinners. Was expecting a lot and it didn't disappoint! Great for meeting other travellers, swapping stories and a perfect base at the end of an exciting day in Lisbon... and for the beginning of a night out!</p>
<p>The staff is so friendly, I felt at home from the moment I walked in. The tours they had were great! Chico and Pedro are the best guides in Lisboa for sure. Mama's dinner was a highlight as well. I would go back anytime!</p>
<p>This place is amazing, great staff and Mama's dinner was the best. Pedro's walking tour was amazing. I would definitely come back!</p>
<p>I absolutely adored this hostel! Everyone on the staff was extremely friendly and helpful, and the facilities are really beautiful and clean. Mamma's dinner is amazing--I had it every night I was there and made a lot of friends. I would also definitely recommend doing the Sintra and Cascais trip through the hostel, as the tour guide is awesome, and takes you to a lot of non-touristy places!</p>
<p>Mammas dinners are the best hands down. Very friendly and helpful staff in particular the walking tour with Pedro and the trip to Sintra with Chico. Would recommend</p>
<p>Enjoyed my stay here! Dinner is very delicious and met some interesting people. Went to fado music night and Sintra tour - both are amazing especially those 'secret spots'.</p>
<p>The staff were excellent and Mama's dinner was a ton of fun and a great way to meet people at the Hostel. The walking tour was also well done. Security at this hostel was really good and it is located right in the center of Lisbon.</p>
<p>Great location. Staff was extremely friendly and the activities offered were great for solo travelers. Beds were comfortable and the showers were clean. Overall great atmosphere.</p>
<p>The name "Home" is right. It feels like a giant family with the nicest staff (particularly Fabio!) Mama's dinner is wonderful, and everything is clean and nice. Lisbon is very cool but even if it weren't I'd want to go back just to go Home again!</p>
<p>Perfeito!!! Lugar incrível!! Staff top, nos acolheu super bem. As instalações são ótimas. Super confortável. Super bem localizado. Um dos melhores hostels de Lisboa 😊</p>
<p>Excellent hostel, super friendly and brilliant for solo travelers made some great friends here! Rooms comfortable & never a queue for the bathrooms. The evening meals are great fun and a bargain!!! Would definitely return again.</p>
<p>Amazing location, superb facilities, very clean and very comely staff. Loved the walk tours and fado night. I will definitely come back some time.</p>
<p>Home was the best hostel I've stayed in on my 3-month journey around Europe, hands down. Absolutely no staff elsewhere is as kind, helpful and welcoming as Home's staff, ad the facilities are clean and private. Will definitely stay again!</p>
<p>A uniquely wonderful experience!! Heartwarming hospitality, caring-committed-listening characters as staff, great warm atmosphere at the social area (I very recommend Mama's delicious dinner) and Mama of course - whose ritual of the daily toast I found a unique experience of its own. I also very enjoyed Anna's Pub Crawl, which brought us to really good authentic party places without queuing and gave us through her wide network also to chance to mingle with some of her Portuguese friends.</p>
<p>Absolutely the best hostel I have ever stayed in! Staff was amazing and created a great environment for us as soon as we walked in. Mama's dinners every night are delicious and a</p>

great way to bring everyone in the hostel together. Also, there was a movie room that was super cozy and nice to hang out in. Beds and showers were great as well - overall, a perfect experience and I would definitely go back.
Top notch hostel. From the moment you walk in you'll feel welcome and right at home. The beds are comfortable and offer privacy curtains with personal reading light and charging port, rooms have roomy storage lockers and bathrooms are clean. Be sure to ask about Mama's dinner each night (it's wonderful and great value!) and sign up for the day trip to Sintra or the daily walking tours. I will stay here again.
Morison was amazing! His walking tour was very informative and beautiful. The pub crawl at night was so much fun! Definitely keep those going.
I stayed 5 nights here. One of the best hostels I've ever stayed at in all my travels over the years! Super friendly and helpful staff that treats you like family. The facilities are clean, the beds are comfy and there's great Wifi connections in all the rooms. The hostel is very social and the nightly dinners with Mama are awesome. The walking tour and Sintra day trips are also very well organized. I can see why they are consistently #1 or #2 hostel in the world!
Great hostel. Mama's dinner is a great place to meet people. I've been coming here for years. Friendly staff. Its so popular, it can feel a bit crowded at times, and you have to wait for a shower (not all the showers work all the time). They are adding more dorms. I'll be interested to see how that goes.
Excellent hostel, one of the best I have ever stayed in. Privacy curtains, lights, and outlets on the beds, big lockers, clean, and friendly.
This is THE MOST amazing hostel. The atmosphere is fantastic, Mama's food is wonderful! If you're traveling alone or with friends, you will regret not visiting this hostel. Wonderful place to meet people. I visited three years ago and found myself back in Lisbon and just had to stay again.
Great hostel. The events we're all good, the actual building itself was nice and modern. The dinners every night were a nice touch and absolutely delicious!
This is hands down the best hostel I ever stayed at. The best because it's the most unique, you're getting to stay at a place thats family run that really feels like a home away from home. It's a very special vibe, you feel so welcomed, DEFINITELY DO MAMAS DINNERS! I love love love this hostel and will never forget the friends I made here.
Hostel was indeed as great as advertised! Spacious room (4-beds), hot shower, nice atmosphere, very easy to make friends during the (tasty!) evening dinner, helpful staff, etc. It's on the pricier side of the hostel scale, but you get a lot in return. Would definitely recommend!
This is no hostel this is home. Staying here has set such a high standard that no other hostel will ever reach. The staff are the most hard working, lovely people and mama is an angel sent from the heavens.
Wow. This place is just incredible. Literally every aspect of this place is absolutely perfect - I cannot recommend it more! Amazing location, amazing atmosphere, amazing food, amazing people and AMAZING rooms. I am so so grateful to the incredible staff (and, of course, Mamma) for giving me the most unforgettable stay in Lisbon.
Amazing place. Staff are super friendly and welcoming. The communal dinners are a great way for people to get to know each other. Highly recommend! Defn would stay again
Amazing hostel, great staff and friendly atmosphere. Very clean and well located. Do the mamma's dinner it's worth it! I recommend.
This was our first stay in a hostel and we were delighted with it. From the moment we arrived from the USA at 7AM (tired, groggy and hungry), the staff was helpful, friendly and welcoming. They made everything easy, were very thorough and made us feel perfectly at home. The free walking tour is worth a HUGE tip. It was informative, a super pace and really helped us get an idea of the history and how the city is arranged. And the dinner - a special affair indeed, not to be missed!
Amazing hostel with a great atmosphere for solo travellers. I've stayed in 3 hostels in Lisbon and this one has been the best. Make sure to do mama's dinner to get some great food, unlimited drinks and meet loads of people! Everything is very clean and facilities are perfect. Special shoutout to Goncalo, he always made sure we were taken care of and we really felt he went above and beyond (like when I told him I couldn't have dairy so he made me a special dinner). Thank you so much to everyone.
Great hostel. Shower floors were always wet, but not sure what you can do about this.

<p>One of the best hostels I have stayed in. So welcoming and friendly and will go out of their way to make sure you have a comfortable stay. The nightly evening meal by Mama is wonderful too and a lovely way to meet other guests.</p>
<p>Terrible hostel, my phone was stolen as I was packing to leave, be incredibly careful with your belongings. Nothing like this had happened to me before, absolute must have a lock and keep an eye always on your stuff, don't lose it for a second.</p>
<p>Everything was perfect! The best place to stay in Lisbon! Everything is clean, smells good, people are amazing. Bedrooms are perfect, really comfortable and warm. Excellent food and atmosphere. 100% recommended</p>
<p>This was our second hostel in Lisbon. I honestly can't see what all the hype is about. It's good, but for me it definitely wasn't great. I would say the staff was nice, but not overly warm or friendly. There was times when I was straight up ignored. This is coming from another place where you felt part of the family. Mama was however quite lovely, and her dinner was a nice experience. If I were to return I would seek alternative accommodation. I suppose we like smaller more intimate places.</p>
<p>Loved this place. Privacy curtains on lower bunk, byo lock. I didn't have the breakfast, had dinner once, it was ok. If you want to cook your own dinner, don't stay here as you share the kitchen with staff cooking the dinner so you're clearly in the way. Shower at strategic times as there are a lot more people than showers and space! But there are renovations happening so that may change</p>
<p>I had a really great time at this hostel. The staff was friendly, the hostel was clean. I met some really nice people during Mamma's Dinner and always had a good time at the bar. The hostel is really central which meant it was really easy to find the nightlife from there. A pub crawl would also have been nice. Breakfast was okay for the price. However, there is one thing that was really bad and that is the coffee. Otherwise everything was perfect or close to perfect.</p>
<p>My friend and I were blown away by how great Home Lisbon Hostel was during our week long stay. Our favorite things: great atmosphere for meeting people, awesome day excursion to Sintra with Fabio, Mama's dinner, 2 euro breakfast, great location, and so many other things. We stayed in a four person room and it was very easy to sleep as everyone respected eachother, being silent during the late hours and such. Bathrooms and showers in great condition. Definitely one of my best hostel experiences.</p>
<p>Highly recommended!! Perfect location, super Helpful Staff, very clean and Mamma's Dinner is a real Highlight!</p>
<p>Great Hostel! Friendly and helpful staff, great facilities and comfortable beds. Breakfast very good and nice common area. The hostel has everything you need to feel good.</p>
<p>Meu sinto em casa e é por isso que fico neste hostel pela terceira vez.</p>
<p>Fabulous Hostel! Amazing location! I felt very comfortable. Actually one of my best hostel experiences.</p>
<p>Really good hostel!</p>
<p>Fantastic experience at Home Lisbon Hostel. Would definitely stay again if I return to Lisbon.</p>
<p>The stay was just amazing - Home Lisbon Hostel is one of the best hostels! The rooms are really big and look amazing with the wooden floor. The beds are comfortable, offer light, socket, enough sphere of privacy and a big locker. The facilities are clean and they even smell good!!! The stuff is nice, the breakfast (2€) really tasty and plenty. Moreover the hostel is very good located and a metro station close. Definitely can recommend it!</p>
<p>There's no hostel like Home! The staff is friendly and helping. They have tours and the infamous Mamma's dinner. Would definitely stay again!</p>
<p>Overall we had a really nice stay in the Home Hostel in Lisbon! The staff was friendly, showers/toilets were very clean and the room spacious. You can have breakfast (buffet with scrambled eggs, bread, cereals, yoghurt, juices, tea & coffee) for only 2€! They offer various tours and activities every day. Mamma's dinner was delicious at a great value. Only "negative" aspect: there weren't any spaces to dry/hang your towels and wet clothes (which we would have needed because it was raining a lot).</p>
<p>Best hostel ever</p>
<p>Absolutely love this hostel! Best I've ever stayed in!</p>
<p>Hostels don't get any better than this. I especially enjoyed the surfing trip to Ericeira that J. took us on. Great atmosphere, 10/10.</p>

Really great place to stay !! Had the chance to meet mamma, who's cooking talents were definately not overstated! And she speaks fluently french too! Hosts are great, multiple activities available (visits, surfing, dinners...) I fully recommend
This place is AMAZING! It literally felt like home with the staff and momma! Everyone says how awesome it is in the reviews but i was skeptical but no it really is amazing. We walked in and they gave us a welcome shot and over the next 2 days we were there we got 3 more shots on the house (some were with the dinner we ordered). So many people we talked to came back to Lisbon just to visit this hostel and I can totally see why. I'm even thinking of coming back to Lisbon to hang out again. 10/10
Best hostel ever. Staff is amazing – super friendly and knowledgeable. They lead all the organized walking tours and day trips (all are awesome, great way to be shown around by locals in a small group and meet other people from the hostel). Mamma's dinners are a must, delicious, social, great value. Best food of any hostel I've been to. Really clean (bathrooms are cleaned 3x/day!). Mattresses could be more comfortable but everything else was perfect. Really does feel like being home!
Hostel is located near main attractions and many restaurants. Staff is really nice and welcoming. João Guedes was very helpful and provided detailed information about places to visit and good restaurants. Mama's dinner is really good and good way to meet other travelers. Only thing that I didn't like about the hostel was the location of showers and bathrooms. Female showers and toilets are on one end of the hallway and males are on the other end
I arrived to Home Lisbon Hostel as a solo traveler and felt immediately welcome. The staff is phenomenal and really made sure to make you feel comfortable. The facilities were clean and the rooms were spacious and comfortable. I'd certainly stay here again!
The staff there really make it a mission to get to know you and address you by your name. Definitely recommend doing the Sintra tour - limited spaces so make sure you put your name down. Mamma's dinner is also a must. Environment is awesome as it kinda make you have to mingle with other travellers. Perfect for the solo traveller. Room is super clean and bed was so comfy. Curtains is a plus. Don't worry about the stairs as they do have a lift. Bracelets to enter rooms.
The best place I've ever been! The best atmosphere, dinners, tours, staff, location - everything
Though I stayed less than a week, Home Lisbon Hostel really did provide a home away from home. The staff and overall atmosphere was welcoming and cozy. Plus, the hostel's location was within reach of well-known sites and transportation. I'd definitely recommend staying here!
I would recommend staying at Home Lisbon Hostel. The staff were very accommodating and fun. They readily answer your questions, and provide recommendations on where to go and what to eat. The place was also very clean and comfortable.
My impression when i arrived at home Hostel wasn't great to be honest. There was some construction work going on, my locker was not aligned and i couldn't use my padlock so i had to pay for the one they provided but my mood totally changed after i had some rest. The vibe is amazing i met some really nice people, the staff was super friendly and helpful , mamas dinner's are amazing and they also organise some awesome trips for you. The trip to Sintra was an amazing experience!!
Home hostel is the place to stay in Lisbon. It is centrally located downtown, the staff is wonderful and Mama's dinners make for a delicious social gathering! Next time I'm in Lisbon, Home is where I'm staying!
Amei! Equipe super simpática e receptiva; os jantares são, além de deliciosos, ótimos pra fazer amizades. Os quartos e banheiros são limpos; a localização do hostel também é muito boa e agradável. O único problema que tive foi o frio nos chuveiros, principalmente à noite (me hospedei lá em fevereiro). Recomendo muito!
The staff, the vibe, the happy hour beer and of course, mamma's dinner. Great hostel
Home Lisbon Hostel was a wonderful place for me to both get to see the city and make friends! The hostel is extremely clean, and the staff was helpful and friendly. I really enjoyed the atmosphere and felt very safe the whole time. Would definitely come back again.
i have been in many hostels.it was simply amazing the best hostel i ve ever been.i was very sad that i should leave.i recommend it without second thoughts
This is probably the best hostel I have ever stayed at...& I have stayed at a lot, I am old! First of all the rooms were plenty large enough with room to move around and put your stuff. The beds were the built in heavy wood type, not the squeaky cheap metal beds. The beds also had

<p>a small shelf located conveniently near the plug so u could charge your phone/tablet and put it on the shelf. There was also a reading light. NOT ENOUGH ROOM FOR A REVIEW. Just stay here! AND eat Mommas dinner!</p>
<p>Melhor hostel!! Recomendo de olhos fechados. Ótimas instalações, equipe sensacional e localização privilegiada. Amei 😊</p>
<p>Best hostel I've EVER stayed at. The staff was incredibly friendly, the rooms were really nice, the location was central. I highly recommend mamas dinners, they were the best part of my stay.</p>
<p>Writing this review whilst sitting at Home Hostel Lisbon for the second time in a month. Honestly if you're looking for a place to stay DO NOT GO PAST THIS HOSTEL. By far the best I've ever stayed in. From the staff to the people to the amenities, this place is unreal. Couldn't speak highly enough of this place. Have recommended it to plenty of people who all say the same.</p>
<p>Literally the best hostel I have ever stayed in ever! Not only was Lisbon itself just such a beautiful city, but having the place I was staying be so wonderful just made my trip that much better. The free tour of the city was so nice and I would definitely recommend it! Our tour guide Morison was so knowledgeable and took us to a ton of cool places we never would have found on our own! The dinners are also so good and such a great way to meet other people in the hostel. 100% Recommend</p>
<p>Great hostel! The staff was very friendly and helpful. The common area was cozy and the rooms and bathroom were clean. I definitely recommend Mama's dinner and taking the walking tour! Each bed had a curtain, its own power outlet and big drawer (locker) to put your things in.</p>
<p>One of the best hotel I've been in. Excellent atmosphere, I had such a great time. Almost didn't want to go out at night as we had so much fun at the bar of the hostel ! Very clean, very cosy, super staff, and mama's dinner always excellent, she's a wonderful woman. Thank's a lot everyone for your kindness, I might come back !! Clara.</p>
<p>One of the best hostel I have ever stayed in! Mama and the entire staff are the most amazing, caring, and helpful people. Pristine facilities, and gorgeous large areas to meet other travelers. Perfect for single backpackers looking to meet some friends. I truly felt as if I were 'home' there, and I was so sad to leave. 100% would recommend to friends, and I would definitely stay there every time I go back to Lisboa. Obrigada Mama!</p>
<p>Honestly couldn't have been better. I didn't know what to expect from the "best hostel in the world" but it's really just that. The vibe is awesome, staff is so cool, they have tons of activities planned (I really recommend the walking tour - Morison was awesome, and the Sintra tour - Fabio is such a sweetie). All in all, so much fun, really feels like home. It's perfect for solo travellers: guaranteed to meet amazing people and have the time of your life !</p>
<p>So comfortable, one of the best hostels I have ever stayed in! ❤️ I hope I can visit again</p>
<p>Brilliant hostel, would highly recommend to people from all over the world and a range of ages!</p>
<p>We were so relieved about the heating in our room. We slept great, the night was quiet. The sense of home and connection is real in this place and the owner and her staff are as genuine and sweet as one can imagine. Clean, great location and as a hostel as good as it gets.</p>
<p>Loved my stay here! I found the staff responded to emails quickly and were so friendly and welcoming in person! Drinks and food offered at the hostel are cheap, and the location is super convenient to explore Lisbon by foot or metro. The rooms are very clean and come with a big storage drawer (most suitcases will fit) under the beds for each person that you can use your own lock to secure. One of the nicest hostels I've ever stayed in, highly recommend!</p>
<p>Best part of my stay in Lisbon. We loved the atmosphere and the people. The staff were incredibly friendly and Mama was so kind and welcoming. Don't miss the dinner!!!! The beds were comfortable and allowed for privacy with the curtains. Everything was clean and cozy. I'm writing this review over a month after staying there and I still have vivid and awesome memories of our stay. Couldn't recommend more.</p>
<p>Thank you so much Home Lisbon for creating this amazing home for travellers from around the world and for putting all your energy and heart into this! There is no place like Mamma's home & dinner! The people, the culture and the space - incredible. I will be back!!!</p>
<p>Totally excelent</p>
<p>I cannot say enough about Home Lisbon Hostel! Every staff member was helpful, kind, and engaged with each other and hostel guests. I stayed in a 4pp mixed dorm and it was quiet and very comfortable. Everything was very clean and exceeded my expectations. I only stayed for</p>

<p>one night because friends joined me and we rented a flat (also lovely), but I kept on returning to HLH for breakfast, advice, walking tours, and just to visit the amazing people.</p>
<p>INCREDIBLE! They truly make you feel like you're home. The staff is friendly and knowledgeable of all things Lisbon. If you stay here you MUST do the Sintra trip with João, he shows you not only the main sights, but also so many hidden (No tourists around) places too! I took the walking tour with Morrison, you'll have a great time exploring the old part of the city and taking in some good food toward the end. Mama's dinners... Put simply, they're amazing!</p>
<p>Amazing Hostel! The staff is fantastic! And great atmosphere! Can't say enough good things! Cute little cafe next door too, a bit pricey, but very tasty! Beds are comfy, bathrooms are clean, showers are hot! I didn't make it to one of Mama's famous dinners, was holding out for a fish dish, as I'm a pescatarian, but she happily accommodates for vegetarians! I sat a few times during dinner and had drinks while chatting with others. Such a fun experience! I'd recommend this place 110%!!</p>
<p>By far my favorite hostel I've ever stayed at so far. Staff is amazing, facilities are extremely clean, atmosphere is super welcoming and homey. We felt very safe while staying here as well. The only downside was the beds weren't entirely the comfiest. Also during checkin they throw a lot of information at you which is great, just be sure to pay attention and sign up for the free dinners because we somehow missed that and weren't able to eat any of it because we didn't sign up</p>
<p>Every single thing about this hostel is amazing. The cleanliness, the common rooms, the beds, etc. but the staff here go above and beyond to make you really feel home. Don't look anywhere else in Lisbon - this place is where you want to stay. Thank you!</p>
<p>This is the best hostel i had so far! The staff is amazing and the atmosphere was unique, i met so many nice people! The day trips are really cool and also the walking tours with locals (thanks Morrison!). Definetly also try Mamma's dinner: delicious local cuisine, drinks and 3 parts for 10 Euro, perfect place to meet new people. And because i did the toast on my last day got a hearty hug from Mamma! 😊 Definetly i come back!</p>
<p>In all of my travels, and staying a PLENTY of Hostels, this was the very very best place I have stayed. I have met friends that I will know for a very long time. Thank you! and Good Job!!</p>
<p>I had really great days in this hostel, wish I could stay longer. Mommas dinners are amazing. She is so lovely and such a good cook! Morrison's walking tour was great! Also thank you to Francesco & Fabio, you are both really lovely too! I met such amazing people and will definitely come back!</p>
<p>Home hostel gave me fond memories of Lisbon. The facilities, food, location and atmosphere were fantastic with a special mention to the staff of this wonderful establishment. Credit to them all and their brilliant hosting skills. More thanks to Mama for the delicious home cooked meals everynight, you are so appreciated, and to Fabio for the Day trip to sintra and surrounding areas, you cool dude, you made the day twice as good.</p>
<p>Really great hostel which definitely earns the awards they got. The rooms as well as the beds are very clean and the beds big enough, even for tall people. There is a bar with cheap beer (3€ for 0.5 Litre) which is open 24/7 and a common area with cozy sofas, television and lots of movies. Don't miss Mamma's dinner which has a very good price and is great to get in touch with other people.</p>
<p>I had an incredible stay at the Home hostel. Mama's dinners created such a great atmosphere in the hostel and were a great way to meet new people straight away. As a solo traveller I found that through the dinners and the trips/tours organised by the hostel I had no trouble at all meeting new people. The rooms were a great size and the bathrooms were cleaned regularly too. I will definitely be staying here again next time I am in Lisbon.</p>
<p>Thank you for the great stay, the hostel was very welcoming and the staff really helpful and nice. great tours and amazing mama's dinner!</p>
<p>Great hostel, the dinners bring out socialisation and the sintra tour was fantastic</p>
<p>There are regular hostels, and there is Home Lisbon. Never have I ever stayed at a hostel where I made so many cool friends from all over the world. It truly felt like a home.</p>
<p>Amazing !! Everything was perfect ! Personnels are very very nice, room are beautiful and cleaned. And the best : mamma's dinner !! Perfect !</p>
<p>Home is the right definition for this Hostel. The staff is always super friendly, everything is very well organized, including mama's dinners which are unique. Beds are very comfortable and I found the batrooms and showers always clean . Great experience!</p>
<p>A+. Staff, Mama's dinner, location, etc, all lived up to expectations.</p>

I barely have words... One of the best hostels I've ever been, simply amazing. Stay here, you won't regret it, I promise! Pro tip: try momma's dinner!
I spent 4 nights at Home Lisbon and everything was amazing. Mama and staff they make you feel at ease and are always available to make your stay even better. I had breakfast and dinner each day and it was the perfect time to get to know new people and create the perfect atmosphere. The tour in Sintra and Cabo da Roca is a MUST! The guide Francisco (he's a local!) gave me the best day of the trip!
Best hostel I've ever stayed in! Had a really nice tour to Sintra with Francesco, and the staff was not only super friendly but actually really cool people to hang out with! Lots of amazing people, amazing reasonably priced dinner and soo easy to make friends since the dinner is so communal. My only complaint is I wish I stayed more than 2 days!!!!
This was by far the best hostel I have ever stayed at. I was traveling alone, but Home Lisbon Hostel made it super easy to meet other guests and make new friends. I also loved the walking tour with Pedro Morisson. Everything was excellent!
Great hostel located in the senteum of Lisbon. We got there a little late (23) but the staff were friendly and offered is a welcome drink. It smelled really nice already in the hallway. The rooms are clean and has a balcony. It's ok prices for drinks and there's food options there. Me and my friend didn't get to try the mamas dinee, but it smelled delicious. They also have a living room area with a tv and PlayStation, really cool room. Spent some time relaxing. Really recommend to stay here!
Perfet place, perfect staff!
Really, Really awesome hostel with smiling and caring staff, feels like they are your long date friends and like to joke around. I had to check out at 11 but they let me use the communal areas until 22 pm because my flight was early in the morning. Totaly recommend the hostel !
Hands downthe best hostel I have stayed at. Staff is amazing location is amazing atmosphere is second to none.. Dont waste time any where else
My stay very well passed. Home Lisbon is very well situated, the staff is pleasant, kind and attentive to our needs. The cleanliness is irreproachable and we feel safe. If you want a warm and friendly place, it is here that you have to be! Enjoy :)
Amazing this is really our HOME
It is a really nice hostel! Perfectly located with super friendly staff. The dinners that you can sign in for are a great opportunity to meet fellow travellers. So except for the rooms being tiny (compared to numer of bunk beds crammed inside) and lockers being big drawers underneath (I don't know why but I didn't like it), the Home hostel is really great.
Simplesmente o melhor Hostel do mundo !! Desde as pessoas que lá trabalham , a limpeza , localização perfeita , ahhh e o jantar da Mama !! É o lugar perfeito pra conhece pessoas do mundo inteiro , você se sente em casa realmente !! Além de ser lindo !! Não pensaria em outro lugar para ficar em Lisboa !!
One of the best hostels I've stayed at (out of 30+ hostels). The staff has a genuine warm and welcoming spirit. Dorm rooms are thoughtful (large sturdy beds with outlets& lighting with large/secure pull out storage bins. Common lighting isn't annoying bright at late hours. Common areas such as the living room are perfect for hanging out and meeting fellow travelers. I would stay here again in a heartbeat.
Nice spot, great team, good and tidy facilities. Rooms were quite nice. Comfortable stay
A great hostel. The dinners are amazing. Lovely staff.
First time staying in a hostel and this one really set the bar high. Was just like Home and makes me wish I never left. So much love for this place, especially Fabio and Pedro who just couldn't get any cooler.
This place really does have such a homely feel about it. The staff make this place what it is! They are all awesome and so welcoming. Mamas dinners were a real highlight. Would highly recommend this place to everyone!
Seriously a gem of a hostel. Mamma's dinners are amazing for the food, the price, and because you get to talk to so many people staying there. It's amazing how this hostel feels like a very cozy and tiny hostel, but it's actually big (medium sized, by hostelworld standard). The amount of beds per room is great, the decor is amazing, the hallways even smell good!
It really is the best hostel in Lisbon, I stayed at Lost Inn and Sunset destination, these guys have down create the best atmosphere. It attracts good people here
It sounds like a lot of money for a family dinner, but it was extensive, w/ huge portions and very tasty food. I was stuffed by the time we finished. Staying in the hostel and chatting and

drinking was nice, but I didn't go out because there wasn't a clear going-out plan like there is in lots of hostels, which I found a little disappointing. The bunk beds were amazingly comfortable, sturdy, and private. Staff let me leave my bag for a day before my stay w/ them began. :-) Great location.
Everything about the hostel was great. The bar was great (cheap drink), rooms and toilets were clean, best location. Our visit was incredible, we are definitely going back to lisbon and back to this hostel!
Best hostel experience. The staff were very friendly and made you feel very welcomed. The hostel has a living room, dining room, and quiet working room so it was very easy to meet people and still get some work done on the road. Mama's dinner is a must! Pedro's walking tour was very interesting. He made sure to balance history, humour, and modern interests. The tour to Sintra is definitely worth it, and will be a highlight of any Eurotrip.
Perfect hostel. Stay here, have dinner with Mama, do the walking tour and Sintra tour with the amazing, helpful, knowledgeable, friendly staff, have awesome breakfast (eggs!) for cheap. Sleep well in large, comfy beds and enjoy lovely hot showers. There's a reason they win awards and a reason I met an owner of another hostel staying there, trying to learn from the best!
One of the best hostels that I've stayed in. Great food and good company.
One of the best hostels on earth. Come for the location and awesome staff, stay for Mamma's comfort dinners.
Nice homey vibe with friendly staff who organised great day trips and walking tours. Family dinners were tasty, great value and good for making friends. Bedrooms were comfy and showers clean. Thank you!!
Thank you for super welcoming atmosphere!

Lisboa Central Hostel

great pancakes very familiar atmosphere; nice group activities staff absolutely friendly
We just had a quick one-night stay but enjoyed it! The staff were very friendly and helpful, the place was clean and close to the metro. We had a private room and it was comfortable and clean. We didn't utilize many of the amenities but the kitchen was nice and there were good maps of Lisbon & the surrounding area that would have been great for a longer stay. Would recommend!
Só tenho elogios: quarto e banheiros muito limpos, ambiente acolhedor, bem localizado e, sobretudo, equipe muito prestativa, sem exceção. Chegamos numa segunda-feira e fomos recepcionados com um delicioso milkshake e uma panqueca de frutas vermelhas feita pelo João, pois era o dia do Milk Shake. O Pedro também também foi extremamente atencioso. Super recomendo!
The staff were super friendly and supplied me with soy milk as I'm lactose intolerant. Breakfast is great and there's such a wide variety. The bunk beds were cool too!
Super friendly & helpful staff. A place full of life.. the best part of our stay in Lisbon!
Don't miss the chance to stay at this hostel! The beds are so comfy, the rooms are big, the staff is lovely and friendly and the food is awesome. 10/10, would stay again!
I loved my stay in Lisbon, and this hostel was a major contributor. It's clean, comfortable, located close to everything and the staff are fantastic. They really go out of their way to make sure you have the best stay possible. The pub crawl was good fun, and it's not too noisy so you can enjoy some time to yourself as well. The soup is very good, and so are the pancakes. You definitely won't go hungry! Thank you to everybody who made my time in the Portuguese capital great, I'll be back soon :)
Great place, if you are looking for a central location. Very friendly and clean.
Fab hostel located fairly central to Lisbon. Most things are an easy walk away and it's super close to a metro stop! Staff are super friendly and provide loads of local knowledge.
O Hostel eh incrível! Tudo muito limpo e um ambiente agradável! Perto do metro e do onibus! Os staff sao maravilhosos!!! Com certeza voltarei a Lisboa e a este hostel!!!!
This was the best hostel I've ever stayed in! The staff super motivated, and always happy to talk and easy to have lots of fun with! Pedro may be the receptionist of the year - at least for me he is (even when the milkshake for free was just average - like an average pasteis de nata haha) Soup and snacks for free on every evening make the hostel a super comfy zone to meet up

people In my case there even was a sangria party (you pay 1€ for a cup and you all can drink till it's empty 🍷😊)
One of the best hostels I've been to! I liked the design of the dormitory with the stairs etc. a lot! In general: super friendly staff, great atmosphere and good location!
Hostel muito bom, tudo limpinho e organizado. Muito bem localizado e funcionários muito simpáticos, dão dicas do que fazer, eles fazem toda a diferença. Super recomendo!!!!
Educação, profissionalismo, boa energia, localização, condições, limpeza, comida boa ao final de um dia desafiante... Aqui encontram tudo. Obrigada ao simpático, educado e prestável staff do Lisboa Central Hostel por me fazer sentir tão bem recebida e me terem acolhido de uma forma tão simpática e muito mais atenciosa do que alguma vez pensei. Se procuram o lugar ideal para ficar em Lisboa, este é o lugar. Nem vale a pena procurar mais. Joana Rêgo.
Good value for money. Spacious and happy, colourful dorms
Friendly staff, cozy rooms! Great location for the price and they provided a ton of information for the Lisbon area and on. Great experience, highly recommend.
Nice place, very kind people, wonderful city!
O melhor hostel que estive durante minha viagem de 26 dias por Portugal, o local é de fácil acesso pelo transporte público, localizado a pouco a metros da Avenida Liberdade. O ambiente é acolhedor em pouco minutos já começa a se sentir em casa os funcionários sempre prontos a ajudar e especialmente a proprietária dá o toque de simpatia ao local, todos somos tratados como parte da família, a única coisa difícil é ter que deixar em poucos dias para continuar com a viagem. Volto e voltarei novamente
Hostel was absolutely lovely. The staff were great and unbelievably helpful when it came to showing us around and explaining all of the facilities. He was kind enough to give us a map and thoroughly explain what to do in Lisbon and where the best places to go. We went on the free walking tour which was great and breakfast was lovely. Would definitely stay here again!
Absolutely fantastic hostel! The staff are incredible, the free breakfast and dinners are great. I absolutely loved the bunk beds, and everything was so clean. Everyone was friendly and helpful, and the location is pretty good too. Loved it.
YAY! Totally had like a great time. All the staff was like super nice and super helpful. I felt really good going there and I would totally stay there again when I go to Lisbon. 😊😊😊
Amazing location right next to Parque Eduardo amazing views over the city. Great spot to find your way around Lisbon and back to the hostel from. Staff are friendly easy going and very hardworking. Amazing pancakes for breakfast. Laid back friendly atmosphere. Clean rooms. Well organised and welcoming place Thanks guys!
The staff was incredibly friendly, the location was pretty good, and the food was delicious!
This has been one if not the best hostel I have ever stayed in. The staff is so generous and nice it makes all of the difference. They give great ideas on what to do to really help you enjoy your time in Lisbon. I hope to return to Lisbon soon and will definitely be staying with the again. Cheers!
Absolutely amazing stay couldn't have asked for better! Excellent little touches that you just don't get in most places, was a short walk into the main city centre and really easy to get everywhere from here. Also you must take advantage of the pancakes in the morning- yummy!
Overall perfect, aside its building that was quite hard to spot on (it only has little sign on its door). The free breakfast and dinner were delicious, and perfect for budget tight traveller (like me :))
Congrats for the excellent work! I've enjoyed so much being at this hostel. Everybody in the staff is so gently and gives useful information. They offer great breakfast and dinner hot soups with other meals depending on the day of the week. The dorm rooms are really comfortable and clean, have good space and free lockers, which helps with privacy. I've already recommended it. Thank you all: Odete Miguel João Catarina Ricardo Daniel António Elisabete Pedro S. Pedro F. Mariana
Lisboa was a wonderful place to stay! They were so accommodating and friendly. My brother and I had to leave at 6AM to catch our flight on the last day and they pulled out their breakfast at 5:45 just for us. Loved this hostel! Big, comfy beds with outlets and book lights.
We really loved our stay with Lisboa Central Hostel!!! The breakfast was incredible (pancakes were so good). The owners also cooked dinner every night, usually soup, and offered it to all the guests. The area was clean with lots of common space. Beds were comfy and rooms were big. This is not a party hostels - we were surprised that everyone went to be so early (one of

the nights the lights went off at 10) and got asked to quiet down multiple times for barly making any noise & turn off the tv.
Very good atmosphere and really friendly staff. Great pancakes for breakfast and always someone nice to talk to.
really nice hostel, felt very homey. The staff was excellentreally nice hostel, felt very homey. The staff was excellent
The hostel is really neat and clean, staff very friendly and helpfull. They made delicious good soup in the evening and recommended a lot of good things to me. Sadly though, most people at the hostel didn't seem interested in talking to others. It might be because of the season or because it's not that central (really okay with the metro though), but it wasn't exactly what I was looking for. If that's not the most important thing to you, it's an awesome hostel that I really recommend.
Fantastic hostel! Very welcoming and kind staff - some of the best I have ever met at hostels - they really went out of their way to make you feel at home. Excellent breakfast (PANCAKES!!!) plus excellent happy hour and soup! Would highly recommend staying here - would definitely come here again!
Good hostel overall - staff were friendly and very helpful. Breakfast was ok and most evenings free food was normally cooked (soup or pasta) - Good for travellers on a budget!. Could do with some better events rather than relying on external companies. The evening events by the hostel aren't well advertised so are abit of a damp squib. Would help solo travellers meet other people. The location at Marques to Pombal is abit of a walk from town (15 mins) - or you can pay fro the metro.
Loved the stay and the place. Centrally located, with very helpful friendly staff and a lovely atmosphere. Easy to reach everywhere in Lisbon from here and and safe and secure place to stay.
Amazing place. Kind staff, and lovely atmosphere
Lovel place to stay in lisbon! The staff are very friendly and helpful and their pancakes are delicious. When you arrive they go out of your way to feel welcomed and informed about the city.
Maravilhoso ambiente e pessoas acolhedoras!
Great hostel, one of the best I have been. Super clean, the staff so nice and very receptive. Delicious soup made wiht love! I highly reccomend it!!
I recommend this hostel. It is very Close to the Metro Station and you can walk to the old City. Furthermore the staff is very friendly. Every morning they make pancakes and every evening they make a fresh vegetable soup for free. I have never experienced this in a hostel before. So alltogether you should stay here. :)
Super great hostel. Close to everything, excellent quality for what you pay, nice atmosphere with very pleasant staff. The only thing I was not comfortable with was that there were no curtains or screens on the beds so it felt like there was a lack of privacy in the dorm. Apart from that an excellent choice and I highly recommend.
What a wonderful hostel ! I would highly recommend this place. Very clean and tidy . Wonderful staff very friendly and helpful. The owner “ Dona Odete “ makes you feel at home she is constantly around making sure everyone is ok! They also offer for free a soup and some other food for free at night time .
Nice clean big rooms! Always food being made for guests to try!
Extremely friendly staff; several times during the stay they prepared free fresh food for guests. Continental breakfast included in the price, and I loved their pancakes! Good place to explore Lisbon from; just a block from the Metro station.
The staff was awesome! They make you feel welcome and give you all the information you need to enjoy your stay in Lisbon! The hostel is really cosy, I liked the different common areas to relax into and the fully equipped kitchen (although I didn't cook much, thanks to the delicious free soup made on some nights by the staff! And really nice free breakfast! Free food: the way to my heart
This hostel is incredibly clean and the staff are hospitable and so helpful with recommendations for things to do around Lisbon and Portugal as a whole. Elizabeth was so helpful with reccomendations and brigs an overall friendly vibe to the hostel. There was a complimentary pancake breakfast every morning and the dorms had a lot of space. Highly recommend this hostel!

Way too many old people in the hostel. The hostel is very cute and most of the staff members are helpful. However, the first day when I went the lady who met me was just so superficial - When you are solo tripping and live in her hostel, one expects the experience to be where the hostel is welcoming and tells you what to do, and also make friends in the hostel. It's cute and recommended if you are already a group of friends. Definitely don't stay here if you are alone.
Wonderful location, friendly staff, great rooms.
Great place. friendly and homey! I would recommend it. Thank you Christine
Many of guests were older (50+) than I expected, making it tough to make friends for day trips or nights out. The building itself was great, and it has a ton of potential. Walls of the halls had tons of helpful tourist info.
Love the steps for the upper bunks, make access so much easier. Free breakfast pancake was so good. Only this is wifi here was not that good. Slow speed and constant disconnect. I otherwise a very lovely hostel with great staffs.
The staff is so friendly and helpful and they serve the best pancakes in the world!
We've had an amazing stay in this hostel. Everything was really nice and we'll definitely coming back. :)
Really enjoyed my stay here. It felt very cozy, and staff were friendly and welcoming. Big thanks to Elisabete for being an excellent first impression of the hostel and for being incredibly kind. If you are looking for a warm atmosphere and the prime location in Lisbon, this hostel is for you!
Everything was great
The hostel has a very good security, we stayed little time, were so clean, and the staff very useful. The location is close to main avenues, and you can walk to central places.
Lovely place! super clean, nice and comfortable beds! I loved the hostel and the staff super nice as well!!
Not possible to do better!
O Hostel tem um ambiente mais familiar, não parece muito um hostel. É como estar na casa de um conhecido. Presenciei um discussão entre funcionários, foi desconfortável. Gostei muito do café da manhã, mas a atividade noturna é básica e sem graça. Acredito que seja perfeito para famílias que querem um local calmo e queira conhecer os pontos turísticos andando.
Fun and friendly place to stay. A little bit removed from the down town area but an easy walk. Rooms were clean and breakfast included home made pancakes! Nice touch. Daily walks and other activities organized by the hostel. I would stay again!
Amazing hostel, we had a great stay here. The whole place is really clean and the staff are very friendly and made you feel welcome. They have activities every night you can join in and their free breakfast is great! They also make soup most nights so you can have free dinner too. About a 25min walk into town but it is also close to a metro station. Also easy access to the airport via metro (about 30mins). Overall, fantastic hostel would definitely recommend!
This is one of the best hostels I have ever been in. And I'm 50 years old and have been hostelling for a long long time! The staff is superb, everything is clean, wifi always works and even the 10 bed dorms have privacy, with lights and plugs next to each bed and stairs not a ladder (a recent improvement) to reach the top bunk. I stay here often as I often have an overnight change of planes in Lisbon. I would never ever stay anywhere else!
Great hostel, superb staff, super easy to get to from the airport! Staff knows everything about the city and they're super happy to help you and point where to go. The only thing I'd complain about is that my stay there was too short! Hoping to visit this hostel again, every hostel should keep up to their standards. :)
Great hostel - good location, very clean, friendly staff
Would recommend 100%. The staff is very welcoming and there's a really nice atmosphere, the breakfast is really good and the pancakes are delicious. Overall it's one of the best hostels I've stayed at.
Best hostel I've stayed in. The positive reviews they have are well deserved. Amazing and kind staff. Great breakfast (still thinking about those banana pancakes). Great location with easy metro access and easy airport access. Great programs. Met cool people. I honestly have nothing bad to say about this hostel. Such a good price and you will have an amazing time.
Thanks for making my stay in Lisboa so great! Very competent, hard working and friendly staff members. Excellent facilities for a fair rate. Would recommend this hostel any day! Obrigada!
Very good hostel. Cheers
Great hostel with helpful staff and a respectful friendly atmosphere.

This was my first stay at a hostel and Lisboa Central Hostel exceeded my expectations. Upon arrival, the staff was welcoming. They spoke English fluently and let me drop off my bag until the 3 PM check-in time. The staff gave us a tour of the hostel and recommended areas to visit. Each bed had universal wall socket for convenience. There were many individual bathrooms (with shower) and a kitchen. The best surprise: 1 euro unlimited Sangria and free dinner (kale soup and meat sandwiches).

My stay here was incredible! It made my experience in Lisboa so much better. The staff are so friendly, and have great recommendations for what to see and do in the city. They're also great to just have a conversation with. It's really easy to meet people in the hostel and make fast friends. The facilities are simple but they have everything you need, and the food they cook is fabulous. I've never had such a positive experience in a hostel or a hotel! I highly recommend staying here

What a stay!! Best hostel I have ever been in, BY FAR. Perfect staff, rooms, facilities, location... Perfect for travelers, reaaaally easy to meet people, really friendly atmosphere... Oh and pancakes in the morning, soup in the evening... Obrigado Mama!!

Great hostel!

I have been to loads of hostels and this has to be the friendliest place I have ever stayed in. Breakfast was excellent and the cooked pancakes yummy. Most nights they serve home made soup and sandwiches, all for free, what more could you ask for? The staff are amazing and helpful. With a T.V. room, game console, chill out room it feels like a home away from home. Hostel is situated close to a metro station and around 40 minutes from airport. A 20 minute walk straight in to the centre Lisbon

Ótimas funcionárias! Todas muito atentas! Voltarei com certeza!

This hostel was one of the best! Clean, good atmosphere, the best breakfast, lots of home-cooked meals for free (we had soup 3 times), and the staff go above and beyond with helping you, giving information, and making your stay nice. The location is a little out of the way but really not too far to walk to anything. Beds were comfy and the rooms were roomy, TV room was great with lots of movies and Netflix. Felt more like a home than a hostel, we loved it.

Great location, pretty centered and easy to get around. Helpful staffs.

SUPER helpful staff. Never saw the patio. LOVED the fresh fruit pancakes, and the rest of the breakfast was good as well. Stay in the 4 person female dorm (one in pics with neon green & neon blue comforters) - the room is HUGE by hostel standards, and the wooden stairs instead of regular bunk rungs are greatly appreciated. I was satisfied with the location. Not sure about the night-life/party vibe because I was only there one night and needed to sleep.

Hands down one of the best hostels I've stayed at. The staff is so friendly and I really did feel like I was at home! The vibe at the hostel really fosters togetherness and there's always a nice group of people just hanging out in the kitchen in the evenings. I was in a private room upstairs, and did not hear ANY noise from the people downstairs or in the kitchen, which was great! The pancakes in the morning are to die for and I felt very well taken care of -would stay again!

This hostel is exceptional. The staff are knowledgeable and work hard to create an atmosphere that encourages you to meet other travelers and feel at home. I would stay here again every time I came to Lisbon for any purpose. This trip was for vacation, but the comfort and spaciousness of the 4 person rooms would make it a good spot for a business trip as well, if that's your deal. You can't beat the location either. It's less than a five minute from a metro stop and close to food and drink.

This is my favorite hostel I've ever stayed in. The staff are awesome and make you feel like family. The hostel itself looks like a real home with a cozy dining room, kitchen and a few tv rooms. It's super easy to meet people because the staff make soup and sandwiches every night for free around 6-7pm and everyone gathers in the kitchen to chat. 10/10 would recommend!!!!!!

Lisbon was my first solo traveling experience, and this Hostel was the best place for that to have happened! The staff were so welcoming and made you a part of the family right away, thanks for the sweet onboarding Maria. The set up makes it super easy to meet new people, so much so it feels like you've known them forever. Shoutout to Adri (!!!), the lads, and the American bros - I hope to see you all again soon!

Lisboa Central Hostel is AMAZING!!!! The staff was amazing! Elisabete is my favorite - she checked us in and was very friendly and polite. STAY HERE when in Lisbon! I promise you will not regret it!!!

Lisbon Destination Hostel

<p>This is an amazing place to stay! Great location and easily reachable! Beautiful area and you literally never hear any trains. Movie room, kitchen (breakfast provided with cereals fruits bread jams and Nutella as well as juices and coffee and tea!). Big rooms and beds with huge lockers (key provided). Everything feels very safe and the staff goes beyond the expectations. One member even stayed with me to make sure my early morning transport to airport was successful! Would stay again!!!!</p>
<p>Ambiente legal, ótima localização e staff, cozinha e café da manhã completos, vista do quarto para a Praça do Rossio.</p>
<p>Strange but amazing location. Quite good arrangement of the hostel with room settings, public spaces, equipment and free breakfast. Just hope the bed could be better because I am always worrying about dropping off my stuff from upper bed.</p>
<p>Awesome location and the staff are super helpful!!</p>
<p>Amazing hostel, great location, staff was fantastic. Only thing missing was bunk beds had no ledge to put stuff like your glasses/phone etc. Well worth the stay!</p>
<p>We just stayed for one night but we really liked it! It was one of the best and most modern hostels I've seen so far! I would recommend it any time :)</p>
<p>Amazing stay, great location, great breakfast, a bit of noise but was fine for a couple nights</p>
<p>Super relaxed hostel, I would really recommend friends to stay here. Chill vibe, cool people and directly in the city centre. What do you need more?</p>
<p>Great hostel in a brilliant location would highly recommend</p>
<p>Such a lovely place! The staff are so friendly, helpful and the complimentary breakfast is really good. Beautiful lobby with a lot of green. We were worried about noise/safety in the train station but it was totally fine! You can't hear anything from inside and we never worried about security. Even in the shared rooms they have personal lockers that only open with an individual room key. It is a super central location for both walking and subways.</p>
<p>One word: WAUW</p>
<p>Great hostel, a lot of great people, staff is great very kind and helpful, also the atmosphere is extremely chill .</p>
<p>Brilliant</p>
<p>Beautiful hostel in a great location for little money!</p>
<p>Hostel was great overall! Very clean and spacious rooms with nice lockers.</p>
<p>Great location, it was a mature crowd which was perfect because it was quiet, respectful and no loud parties. They arrange tours and pub crawls if you want. Best part is the location as it is close to Alfama, Barrio Alto, and other main areas of interest. We did a day trip to Sintra but took the train ourselves. The train is in the basement of the station next to the hostel.</p>
<p>Everything was great, especially the tours they offered . Only complaint is that the hot water in the showers is iffy.</p>
<p>Clean rooms, super central location, really nice breakfast and nice staff. Would really recommend this hostel!</p>
<p>I had a really wonderful stay with LDH. The staff were very friendly, and the place was awesome! Not to mention a very convenient location. I loved the comfy green atmosphere. Plants everywhere. Cozy seating everywhere. And I had a lovely evening out for dinner and Fado. My only complaint is the shower I was in. It flooded very quickly. And the water conserver function of the tap made things a bit difficult. That's my only criticism though. Otherwise it was stellar!!</p>
<p>I've stayed in hostels for 15 years and I have never seen this type of set up. The rooms are on the main floor with just a curtain separating them from the social section, kitchen, and front desk. There's one bathroom for the entire set of rooms on the floor. The staff was very nice and helpful however it doesn't make up for a lousy layout.</p>
<p>Lovely staff, exceptionally clean 😊</p>
<p>Great hostel!</p>
<p>I can definitely recommend this Hostel for a stay in Lisbon. The atmosphere is amazing. The breakfast delicious. The staff always friendly and helpful. I felt welcomed. The size of the room was ok for sleeping. I wanted to sit and chill in the big hall anyway in a hammock between all the plants and greens. Really loved it there!</p>

Very good hostel with big and free breakfast. Safe place with friendly staff. The private room was like the picture online and the view was amazing !
First time staying at a hostel and, unless this was a good one, hostels aren't what i expected - they're so much better.
Nice hostel! Very centrally located, nice staff, good breakfast, very clean. Also, even though it is in the train station, you don't hear at the trains at all.
One of the best Hostel that i have ever seen. Location is very goos, train station is just right on the main entrance. Staff is very nice. The only thing i didn't like is that one has to wash the dishes after breakfast.
Great location and very nice atmosphere. Staff were very kind and helpful.
The Lisbon Destinaion Hostel served as the perfect hub for our trip to Lisbon. The Hostel was clean, the staff were friendly, it was centrally located to all the tourist destinations, and we were fortunate to meet many lovely other travellers to explore the city with. Would highly recommend staying here if you're visiting Lisbon.
For my first hostel experience I couldn't find a better place to start this type of travel! I can't find anything to complain. Of course you have to keep in mind that you are not staying in a hotel so a few things are different, but it's an experience that I'm looking forward to do again.
It was a cool experience in this hostel, its got an atmosphere you cant find anywhere else.
It is the best hostel located on Lisbon , perfect location for shopping and food as well as transport . The staff is very friendly and also be happy as well as being passion to instruct the equipments of hostel to evey new customer . The breakfast is plenty and good enough !
I took my 13-year old nephew to Portugal for his birthday and this hostel couldn't have been more perfect! Suuuuper friendly staff, lots to do without even leaving the hostel (in down time we watched Netflix in the theater!) and it is so centrally located it's just too perfect. Would absolutely stay here again!
The best hostel, I've been in so far. The location is inside a historical station in center of town and close to the main station, everyone there is very friendly and treated people like family/friends, they have good tours, the lobby area is very nice to chill or talk to people. This is the more relaxed location than their Sunset hostel, which is more of a party hostel. They got free breakfast, coffee, tea, and towels. The rooms and showers are cleaned everyday. I'm definitely coming back here!
Probably one of the best Hostels we have stayed in. It was in a super nice building. Really nice common area and atmosphere. Staff were helpful with any questions we had. Facilities were great; Breakfast, showers, WiFi etc. It was clean. Also activities and trips are organised for most days. Would have stayed longer if we hadn't to return to work ☺
Really great hostel, the common room is really bright and welcoming, and the rooms were spacious with comfortable beds. Staff were great - try their caipirinhas!
Excelente localização, confortável, limpo e seguro. Bom café da manhã e equipe muito gentil. Voltaria a me hospedar com vocês ! Obrigada Obs : uma única recomendação - coloquem como procedimento padrão avisar a TODOS os hóspedes no check in que não comprem o cartão "turístico" de transporte no local onde fica o Hostel, orientem que essa compra deve ser feita na estação de METRÔ. Essa falha é do sistema de transporte do país, não do Hostel, mas uma orientação simples ajuda muito o turista.
Best hostel I've stayed at in two months of travelling. Location is good, staff are fantastic - tour guides included. Dinners were delicious, pancakes for breakfast was a great surprise and the other hostel being close is convenient. The tours are the best I've been on, well worth the money. Can't wait to come back to Lisbon and stay again!
Love the staff, nice location, great facilities, atmosphere could've been better a bit but I guess it was off season, anyways loved it..
This was a great place. The kitchen was an awesome perk. Plus the breakfast was fab. Walking distance to everything. The staff were amazing! I'd stay here again
Fantastic staff, really friendly. Good rooms and a great breakfast. The common area is very well designed to meet people.
Hands down the best hostel I have ever stayed in. Couldn't believe it was as beautiful as the pictures and the staff were so lovely I could've stayed there with them all day. Everyone was so lovely and couldn't do enough for me. Absolute perfect location, right in the centre of everything. Most perfect 5 days I've had in so long. I'll definitely be coming back in the summer. That's a promise! Thank you so much x

AMAZING! I have been in 50 countries and I must honestly say, that this hostel is one of the absolute best. It has everything. It is clean, big and modern. Showers are great, beds are comfy, security is high, common area is big and perfect for a good chill, wifi works without problems, and the breakfast is amazing with fresh fruit, different bread, yoghurt, pancakes, müsli etc. Location is amazing and staff are super friendly. All in all a perfect experience, well done!
The very best staff!! This is a great location - right in the train station. Certainly easy with a bag. Very nicely designed hostel with great amenities. Nice bunks with curtains and lots of electric outlets. Great free breakfast and free towels. Great kitchen. In a great location right on a beautiful plaza - near things and easy access to multiple transportation modes. Some stuff, like plumbing, locks etc were broken but seems just be the wear of a very busy hostel. Definitely a busy place.
A good way to explore Lisboa! Friendly and talkative staff 24/7, great location (right in the railway station, perfect for a trip to Sintra) and good free breakfast. There are also hostel activities (tours, bbq, parties,..) everyday.
My only complaint was that the bathrooms were quite far from some of the dorm rooms. Other than that, this was a great hostel with a friendly staff.
This hostel is just amazing. The location is wonderful and it's actually inside the train station and there are many bus stations and metro stations around. The staff are very helpful and kind and the vibe of the hostel is wonderful. Highly recommend!
Best hostel, great location, friendly staff and pancake for breakfast. Much more than I expect. I definitely recommend this hostel for your Lisbon trip.
A great place to stay but wasn't sure about the plastic ice cubes, because worried about sterility and think that simple water ice cubes are more eco friendly!!!
Best hostel I've been too in a long time. Such friendly and helpful staff, clean rooms and facilities and such a relaxed atmosphere!
Destination hostel Lisbon is a very lovely hostel very well located in the center of Lisbon. The rooms are cleaned and the bed comfy. And they also organise a lot of different activities like walking tours Dinner etc Breakfast is great and you have pancakes! Staff were really nice and always there to help.
Great hostel overall, would highly recommend. The breakfast was really good and I met some really cool people in the central lounge.
It was the best hostel. I've stayed in Europe. Thank you. I like this hostel. and I will be stay here again If I come back to Lisbon :) so comfortable to go everywhere!
Enjoyed my time in this hostel. Centrally located, clean, pancakes, good staff and nice chill out space. The staff were kind and helpful towards me. I kinda miss this place...
Lisbon Destination Hostel is fantastic! It has a great staff that is everytime worried about the happiness of the guests. They have always a smile in the face and this inspire the others. It has a very good location and it is near to all the beautiful spots in Lisbon. If I visit Lisbon again, for sure I will stay in this hostel!
Melhor hostel que já me hospedei. Tudo perfeitinho! O ambiente, as instalações, localização, staff... ótimo!
It was one of the best hostel I have ever been. Location, shower room, staff and everything was great.

Pilot Design & Bar Hostel

Our stay at Pilot was very pleasant indeed! The staff were very friendly and helpful, the facilities were clean and the location excellent - only a stone's throw away from central Porto attractions. All in all, recommend :)
We absolutely loved it here. I was with two of my girlfriends and we felt safe and comfortable the entire time. Definitely would recommend!
The hostel look from the outside and inside amazing. Was very easy to find, 200 meters from metro station. Nice people working there. If i visit Porto again with friends i will go there again for sure. Thank you for this nice holidays.
Very recommended hostel, very nice people and very clean! Best way to visit the city centre :) Very satisfied!

I really enjoyed my stay in this hostel! I recommend it to everyone who is passing by Porto. The staff is lovely, always smiling and giving you directions where to go to. Seeing that I am vegan, Portugal was a bit of a tricky place, but the staff was more than helpful to guide me to some nice local vegan restaurants. We went also with the free guide tour and I must say that was one very inspired choice, seeing that the guy was very well prepared! I really recommend this hostel, no regrets!
Wow, what an amazing time!! The pub crawl is absolutely worth it and the hostel itself is clean, convenient, everything you might need they have. The staff were amazing and hilarious, couldn't have asked for better people. Would definitely stay again!
Thank you 😊
Good location close to riverwalk, food and shopping. Only a 5 min walk from Trindade metro stop. Beds were comfy but no AC made nights hot. Couldn't open the windows overnight or bugs will get in. Showers were good but temp fluctuates randomly, also pushing the timed shower button was kind of annoying since it would only last 30 seconds per push.
IT WAS GREAT! i have only to say that the curtains should be more dark because if you decide to wake up late in the morning the light from outside comes in to the room soon.
A very nice and cosy place! Love their friendly staffs.
Dos melhores hosteis que fiquei. Funcionários muito prestativos e simpáticos. Óptimas instalações. Certamente irei voltar
Well let me just start by saying the location of the hostel was superb. Situated 2minutes from Aliados it was central to all restaurants and bars, also very easy to link to other parts of the city from this point. The rooms were excellent, comfortable beds and large bathroom spaces made it a very enjoyable stay. The prices are very reasonable, starting at around £16 per night. I promise you, it is a fantastic Hostel, catering for students, couples, singles and, groups.
I don't get why this hostel has such a high rating.. the staff is not very helpful and there was no atmosphere. It felt impersonal.. Beds are good though and it's clean!
Very nice
Very nice, great staff and perfect location. Definitely the place to stay in Porto.
The hostel is modern, with outgoing, fun staff, reasonable prices and comfortable sleeping conditions. The hostel is located close to the centre and has all the expected facilities, everything for a reasonable price.
We had a very nice stay in this hostel : great location, nice and helpful staff, comfortable beds and good breakfast.
Amazing, from start to finish.
One of the best Hostels I have been so far! Super clean, very friendly staff, great atmosphere and a nice Hostel bar downstairs :) I would definitely recommend this hostel!!!
My stay at this hostel was great. It's walking distance from all the places to visit and the staff is friendly.
Great hostel. Only downside was that the location was not fantastic, but the facilities outweighed that. Great atmosphere also! Would definitely recommend to anyone visiting Porto.
I loved this hostel! Right from the start, the staff are super friendly and the environment is great! The facilities were also nice and I enjoyed the breakfast there. Location is very accessible and I can't wait to be back here!
They had suggestions for everything and had free walking tours. The rooms were with a curtain for the lower bunks offering added privacy. Ample storage space was also available. I definitely recommend this hostel!
The staff was incredibly welcoming - especially Carolina and Bia. The environment is homey and everyone that stays there is kind and engaging. We stayed in the 12 person room that is in the attic, but it was a great experience and much better than 10 person rooms I have been in before. The bar is open all the time and the drinks are good and cheap.
Had a lovely stay here. The staff were super friendly, the rooms were clean, and the 3 euro breakfast was great! Only wish we could have stayed longer!
Pretty much good, but breakfast was shite
Um dos melhores Hostels que já fiquei! Equipe excelente!
Pilot is one of the best hostel environments I have experienced. Both the guests and the staff were amazing. The staff were always available and helpful and we made some great friends during our stay at Pilot. I could not possibly recommend this hostel any more, the location is

great, the breakfast (3 euros) was delicious, the rooms were clean and everything went smoothly.
Great hostel! I stayed for 2 nights and enjoyed my time there!
A very nice hostel that I would recommend any day! The pub crawl is extremely good value for money, the kitchen and bathrooms are clean, the hostel has a bar offering cheap sangria ... Perfect!
Pilot hostel you were amazing! From the greeting and assistance I had when my luggage went missing on my flight prior to arrival right through to all aspects of my stay, you were great! I would stay here again easily! Only issue was wifi didn't work in our room.
I loved Pilot! Really great location and would definitely stay again. Loved everyone who worked there, such a good staff! They really made the stay a great time. :-) The rooms are super clean and the atmosphere was great. One of my favorite places I've stayed at so far.
A very modern, clean, and reasonably priced hostel. Great atmosphere, especially in the communal areas such as the terrace and bar. I would highly recommend it as a place to stay. The staff were all very welcoming.
Excelente Hostel, funcionários atenciosos e sempre prestativos. Magnifica localização, recomendo a todos !
Friendly staff, clean rooms and showers, good lockers, good starting point to discover Porto.
I really liked this hostel. The shared kitchen, outdoor space, staff, and dorms were great! The downsides were the walk to the city center is a hike & in one of the dorms, there weren't any outlets near our bunks, which left us uncomfy about leaving cell phones across the room with 6 other people in there (especially when we had to set an alarm for our 7 AM flight). The bathroom set up is not logical at all and made it difficult to brush teeth/etc without being a burden to others in the room.
My friend lost her food in the fridge. Not sure if someone had mistaken the bag for their own or just decided to take her food.
The staff were great. Nice common area and Hostel did a tasty hostel meal and free shots before a fun bar crawl, run by staff. Beds each had a light and socket although only lower bunks had a privacy curtain and in one room there were beds end to end missing a privacy curtain at the foot of your bed so you could look right through at your neighbour. The showers were good and the toilet/showers (mixed gender, mixed facility room or one single shower and one single bathroom) were clean.
Super beds, showers and location. Awesome pub crawl with Michel with many free shots. Wi-Fi didn't work in room but we had a lovely wee terrace which made up for it and encouraged us to use the common area!
Fantastic location and friendly, helpful staff. The bathrooms could have been cleaner but overall great experience! Thank you Pilot and Porto 😊
Everything was amazing but the coffee at the breakfast could be better :)
We had mixed feelings about the stay. The staff, location, and price were all great. And we loved Porto. But the 12 bed mixed dorm where we slept was not of a high standard. There was no bathroom or shower facilities on the same floor. The toilets were not that clean and had many broken elements. It didn't meet our expectations but it wasn't that bad either for the price. The other rooms look nicer.
Great hostel for the price you pay, super clean and comfortable too. Stayed there for two nights on separate days. On my first booking there was a room assignment problem (got mixed instead of all female) but the staff was really apologetic and gave me free breakfast to make up for it. And there was no problem at all on my second booking, so not a regular mishap. Lots of affiliated activities, access is great but it's a noisy area... Bring earplugs !
Great experience!
PILOT was great, the staff is wonderful and friendly, and they have the best beds I've ever slept in at a hostel. Definitely stay here in Porto.
Excellent hostel.
My check in process was already disturbing, as they charged me 2 euros extra per night than was specified in my reservation. I stayed there for 2 nights and I could barely sleep, the mattress and pillow were of bad quality. I was staying in a room in the second floor and I could hear both the party going on downstairs in the lobby and everything that happened in the bathroom next to my bedroom (people talking really loud in the shower, playing music with loud speakers and max. volume).

Best Hostel i´ve stayed in so far
One of the best Hostels I've ever been to (and I have been to a lot). Everything is very modern and clean. The staff is super cool and friendly. And it is super cheap. Everything is very close and they allowed us to drink our own drinks in the common Area. There was a problem with my booking so I had to change rooms, as an apology I got free breakfast, which is awesome as well. I would totally recommend it
I liked my stay at the Pilot hostel, I was easy to meet people which was probably the most important for me. I liked free shots at 10pm cause everybody would gather around the bar and start chatting, The staff was helpful, rooms were clean and having a shampoo, argan oil and some other lotions really made my day. Only thing I didnt like so much, although its really not a big deal, that somebody moved my stuff while cleaning. Thumbs up for cleaning but not for touching my stuff. All in all great!
Me and my friend only stayed here for 1 night and the other nights at airbnbs, but we wished we would have stayed here for longer because we really enjoyed it. The hostel has a very nice atmosphere, the staff are very kind, there was a free walking tour that was really very nice and informative and it's a good way to meet new people. Will probably come back when I'm back in Porto.
The hostel mattress is really good, something important to recover energy for the next day. The Staff is very nice and will help you with everything. Only had dinner the first night and was good; the breakfast looked really awesome too but I didn't try it. Location is perfect, lots of good restaurants and coffee shops near, you can walk to every tourist place and the metro to go to the beach is only 5 min away.
I stayed for 1 night and was brilliant. Easy to get to from the airport and the rooms were very nice!
Just great, nothing to add. Even packed in low season.
The staff is helpful and friendly, the premises are very clean. The hostel is very well placed in Porto, I recommend !! Thank you
Such a great place! The people (both staff and fellow visitors) were absolutely amazing. The hostel was fun and colorful, I really dug the vibe. One thing - the showers are weird, but eco-friendly which is nice! It's super clean and has nice lodging spaces. Also - the people in my all-female dorm slept a TON... like 9:30PM-10:30AM... which was tough to deal with sound-wise. All around, a great place to stay, I highly recommend!
Muito bom,preço e localização perfeita.funcionarios atenciosos e gentis.local agradável e alegre.
We only were here for one night, but we enjoyed our stay and would stay here again!
Best hostel ever seen and been too. Best staff, position perfect. Atmosphere amazing. Services and cleaning excellent. I think it is one of the best hostel all over the world. I suggest it surely. Everyone should spend just one night at this place in their life.
I loved staying here! I'm someone who would choose location over luxury any day. This place is extremely close to all the important places to go in Porto, which made transportation extremely convenient. However, there are a few things that could change to make it better. Some of the facilities did not work. When I went to blow dry my hair, both hair dryers didn't work on my floor. That being said it is extremely cheap so it is worth it.
We had a very pleasant stay in pilot hostel! Location was great just few minutes from the the pub area and close to many attractions! The staff was really kind and helpful with everything we asked! The room for four was smaller than I expected but it was fine if you need it just for sleeping. Overall it was a very nice atmosphere!
It is definitely the best hostel that I've ever seen. The staff were extremely caring that they offered help to me when I felt so lost(I lost my wallet on the first day of the trip). Otherwise I don't think I would be able to make it.
Awesome staff and bar, wonderful atmosphere. Met some really great people there. The walking tour was good, the pub crawl was good but more like a club crawl. Dinner was really good, but it happens that they are out of it or serve it later than planned. Free coffee was awesome. Good beds. Showers were clean but a bit complicated to use. Also people seemed to have a lot of problems with flushing the toilets. All in all, I really liked this hostel and recommended it to other travellers.
If you want to stay in a nice and comfortable hostel in the centre of Porto, look no further!!!! Good location very close to the metro station, amazing people, friendly staff . The bathrooms are shared but very clean . Good breakfast and AMAZING Terrace!

Definitely the best hostel I've ever been too. The bed was great, the atmosphere amazing and the price was good. Also the location was perfect and the staff was so helpful. I really love my stay in Porto at Pilot and I recommend staying there to everyone!
From the moment we arrived at this hostel, it was clear the staff would go out of their way to make us feel welcome (recommending good food, places to see etc voluntarily) !!
Really nice and nee hostel. Super modern. Breakfast is great.
Great spot ! Loved it here all the staff were amazing and always going out of their way for you . Recommend
Achei o lugar bom, bem localizado e boa estrutura. A cozinha não é muito limpa e não aconselho pagar os 3 euros pra tomar café da manha ali, achei os talheres, as xicaras e os pratos bem sujos e a esponja caso você queira lavar é um pouco nojenta!
I loved the hostel, it is great, the staff is very kind and helpful! The rooms were clean and organized. I really recommend to another person! The breakfast is very great (€3,00 it's okay for me) I enjoyed very much my days in the hostel! I hope back in the future!
Overall it was a nice stay but since it rained the whole trip, the water leaked through the window in our room and made the room quite damp. We think the excessive water may have caused mold that should be looked at.
During my stay, we unfortunately had a lot of rain. Obviously rain isn't PILOT's fault, but all of the windows in the room were moist and water was sleeping through the entire 6 days. This caused the room to smell like mold and honestly made all of us in there cough a lot. The day after I left, my cough disappeared. One day, I saw an employee come in and wipe the windows down with a paper towel, but the rain continued, and so did the water coming in!
It is a good hostel! There are lot of little things, a kind of luxury problems, who didn't fit. On the little tabel from my bed was the trash from the last, one Toilette did broke down, more than one time and some Staff did something against and some not, and there was a big loud group. What would I change? I would offer two diffrent price for the nights, one with and one without breakfast. Change the eggs, you don't have to cook it, just make a sign and put it next to a pan. No more space for..
Really good!
I just stay there for one night and I had a perfect experience, a good atmosphere, all was clean, the breakfast buffet was delicious and all the time you can drink water, tea or juice for free. I recommend this hostel!
I really enjoyed the time that I spend there the staff are very nice and kind, the location it´s really nice and close of the central of the city. I highly recommend the hostel and for sure if I have to come back to Porto it´s gonna be one of the options to stay. Cheers!!
Staff were super friendly and helpful and the hostel was an easy an easy walk from Trindade station. In the rooms, the lower bunk has a privacy curtain and each bed has a plug and light. Solid wifi throughout. Breakfast is good but on the sweet side. Dinner as part of the pub crawl was good value, but plenty of places to eat nearby. Walking tour is good too. Would stay again
Muito bom! Café da manhã e jantar por 3 euros muito bons e completos. O lugar é aconchegante, com boa área comum e fomos tratados muito bem durante toda a estadia. Recomendo e com certeza voltaria 🍻🍻🍻
Good location and helpful and friendly staff. Very pleasant stay, would recommend
Couldn't find anything negative, had a great stay! Can easily recommend it!
1 minute walk from Trindade metro station at the beginning of the main avenue, the hostel is located in a newly renovated building. Modern style, very clean and comfortable, big common spaces, including a terrace. In the dorms each bed is provided with lamp and power socket, and a curtain creates the right level of privacy. Very welcoming and friendly staff.
Overall not very impressed. The 3 of us (3 girls) were not in the same room despite requesting this before arrival. We are aware it says we might not be in the same dorm but when booking I picked 3 beds out of a four bed dorm. Hairdryers in bathrooms don't work but in fairness the staff gave us a working hairdryer when we asked. Not the most socialable hostel, there was no pub crawl on a Saturday night!! no privacy on upper bunks as no curtains on same! Noise levels not monitored at night time.
Very nice people at the reception, very good cleanliness and good location. As a woman traveling alone, I was very happy to find a hostel with a female dorm.
The location was good, about a 10-15 minute walk to all the cool sights. The receptionist gave us a map and a quick rundown of some cool locations which was great. The place was super

clean and beds comfy but unfortunately you can here the whole hostel through the walls and door so it was extremely loud at night. Other then that it was a nice stsy.
One of the greatest hostel I could stay in ! I only have one negative point to state: the breakfast. Very clean, hygienic & modern, but everyone keeps to themselves, including staff. Nice place if you're already in a group or want to be left alone, not great for meeting new people.
I had a bed at the attic room, the roof was to low. Very noise during the night.
A very, very good hostel in the middle of Porto. It's a good place for a solo traveller as the place is made to easily meet people. From the free shots, good breakfast and a nice outside area it's a nice place to stay at. Staff are really nice and help you feel welcome instantly.
It's very clean and well equiped. Staffs are super friendly. I recommend it.
Group of 14 guys, had a slight room issue due that was not the hostels fault but they were accommodating and we ended up in one room that was more than big enough. Staff were very friendly. We went on the pub crawl organised by the hostel and found it great value and all the staff that joined us were both helpful and fun!
O atendimento é muito bom e os quartos são confortáveis. Meu destaque negativo é para os banheiros, que deveriam ser limpos com mais frequência e são pouco confortáveis, principalmente os coletivos.
This is the perfect hostel accommodation in Oporto. It is in a strategic position that allows to reach any city area quite easily. All the staff is very kind and ready to help and ask all questions you might have. The rooms are clean, big enough and offer all kind of services you might need. Breakfast not included, but it can be asked with a reasonable extra. We did not try it, since there are so many cafeterias in the area, but we saw it and it looked delicious! *the Italian girls*
Just stayed for the night and met some friends in Porto. Overall, the hostel is well-located, facilities are great and modern, and breakfast, albeit paid (3 euros), is very good. One note for the communal room: I didn't feel the people wanted to talk or engage with solo travelers - most of them stuck to their groups. Staff is excellent, and they offer you a small glass of Port wine as a welcome drink. A shoutout to Tô Zé.
I really enjoyed, the stay with them. The girl at the reception was amazing and very helpful. She gave us a lot of information. I recommend this place as it is in a good location and very close with the transport arrivals.
I love this hostel! We had an awesome 4 nights there. And I would reccomand it to anyone going to Porto.
It was great experience at Pilot Hostel. Staff are so nice and friendly. Clean and cozy. Truly international atmosphere. Highly recommended.
Very social setting in the bar downstairs, location is perfect for sights and the nightlife in Porto. This time I already had a lot of other plans, but the hostel provides pub crawls almost every night to get to know your fellow travelers.
It was really easy to find the hostel. They were helpful and kind. Nice design and good price for breakfast. I spent there one night. It wasn't a quite night. One of my roomates got up at 5 am went out and screamed at our neighbours. He was really angry, but as a result the whole hostel woke up. All in all it could have been a nice experience.
Great location, even after there being a mistake with our booking they were quick to correct their mistake by providing us with complimentary breakfast which was great. The staff were so helpful with every question and our every need not only informational but gave us advice and opinions on the local hot spots. Thanks guys!
It's a great hostel for solo travelers and to meet new people. The staff is super nice and the location is good. The only problem is if you are tall, the beds might be a little bit short.
The party spirit at the bar is great; The staff is friendly and helpful; Public transportation nearby and if you rather walk the hostel is in the city center!
It's a perfect place to stay in Porto! I will be back for sure! Great localization (there is a metro station nearby - Trindade, so you can reach it very easily!) Also the breakfast was very good and they have a super friendly staff!
Only stayed for one night but had a good night. Staff helped me retrieve my towel from the room I forgot so that was great!
I'm not a big fan of the open layout of the beds. It's just too open for me. But the bar and location of this hostel was great!
Location is fantastic. Bed was comfy and I always appreciate a curtain for a little extra privacy. However the downfall for me was the staff. Although they were friendly whenever I

encountered them, they were NEVER at the reception desk, which made checking in / out and asking any questions really difficult. They all just hung around the bar and made you feel like you were interrupting if you wanted to ask something.
Excelent place!
Amazing breakfast! You can make your own waffles and pancakes and toast bread and get scrambled eggs!
Everything perfect except for the upper room where I stayed doesn't have a bathroom near, or at least a sink in the room to wash the face and teeth would be great. The staff and atmosphere made the trip amazing!!!
Is great for meeting new people and having a great time! Staff is very good and friendly. I totally recomand this place for people who want to meet people from all over the world!! ;)
The Staff is very friendly and helpful! Clean , organised and there is an electric plug next to your bed!
It was my first time in a hostel i was very hapoy with everything overall. Esoecially the staff where so kind
Hostel espetacular. Sem dúvida o melhor que já estive até hoje, atendimento de qualidade, promovem a interação dos hóspedes. Café da manhã excelente, quartos espetaculares. Custo-benefício sem igual!
Overall a good stay. Great atmosphere and nice staff. Breakfast deal was awesome.
Really good hostel. The staff are really helpful. Heaps of free stuff as well like nightly shots and port! A good place if you want somewhere where you can chill or party. The breakfast is awesome value for money! Worth getting out of bed for.
Excelente! Hostel muito bem localizado, funcionários muito amáveis e prestativos, quartos amplos e bastante cômodos! Simplesmente adorei!
Hostel was easy to get to, well located. Staff were helpful and hostel was generally well equipped. Bar, terrace, kitchen. We stayed in a 4 bed dorm which was very small but manageable. Breakfast was good.
Very nice spaces / rooms. Inside bar is nice and reasonably priced, I'm not sure I'd recommend the dinners. Location is fantastic, can just walk out the door and lots of neat bars in the area. Pretty big hostel though, had a good time in low season since reasonable amount of people, but think it'd be overwhelming in high season. Little too big for solo travelers (my person opinion).
Very nice place and staff, but it's bit small. Because of too much people using limited showers/WCs at same time, it's bit dirty sometimes. Anyway, very nice place!
Pilot is the perfect place to enjoy the excitement of Porto. It is located in the old quarter, 25 min to the river. It is a well design hostel, beautiful. The hostel is run by an organization of young people who feel passionate about the city. We did two fascinating tours through them; the free walking tour, and the pub-crawl!!! highly recommend !!!
This is a cool fun place to stay. The whole place has a great vibe going, and that chocolate cake was such a treat.
If you want a lots of fun and parties, go there, because Pilot Hostel is really good! The bar is a perfect places to relax , socialise and listen to some music after a good day of exploring. The staff is super friendly and very helpful. Lot of places to eat around as well .
Great stay when here. Clean and great facilities with a great free walking tour
Well priced, multiple language fluent staff! Decor is still in perfect shape, food is excellent and the terrace is good also.
Better hostel to stay in Porto! Great location and atmosphere, we met people from everywhere. The staff was excellent as well.
Cleanness , position, very good value for the money, everything was perfect. Shared shuttle to airport for only 9€ / person / 1 way booked at the reception.
Hostel muito bonito e bem localizado. Únicos aspectos a melhorar: a wi fi nao funcionava no quarto. E o café da manhã, não é gratis conforme está descrito no hostelworld. Custa um valor barato e tem uma enorme variedade de produtos, mas é necessario corrigir essa descrição porque não é "FREE".
My friend recommended I stay in Pilot Hostel and she was absolutely right. With all thats going on in Porto, this was the best base for exploring the city. They organized a very good pickup for me from the airport, recommended everything I needed, provided me bus tickets - what more could a girl ask for. Big room, good wifi and breakfast choices were good. Bathroom is well maintained with excellent water pressure. Wonderful service from all the crew!

Amazing stay in Porto at the PILOT Hostel. Highly recommend if you ever visit this beautiful city! Would for sure come back!
Great staff super friendly and actually wanted you to have the best time you could. Especially Bea and my man João. Amazing people and I recommend the bar crawl.
Melhor hostel que já estive, muito limpo, seguro, boa localização, confortável, staff extremamente amigável e competente. Recomendo com toda a certeza!! ♡
Overall, I had a positive experience at the hostel, especially with meeting so many wonderful people. However, the bathrooms were not very clean and a guy threw up in his bed in my room so I was a little irritated with those factors. I wouldn't say the 2€ breakfast is worth it but the bar definitely is!
Bem localizado e ótimo atendimento
PILOT hostel was conveniently located near the city center and plenty of great restaurants all around. I was able to walk to all attractions without using the metro/bus system. The staff was friendly, accommodating, and helpful and the rooms were clean and spacious. I liked having the single occupant toilets/showers, however, not having ventilation in the showers made the ceiling and parts of the floor sticky and slightly moldy. Overall it was a great stay and I'd love to come again!
Ótimo Hostel, bem localizado, seguro, moderno e ambiente confortável, precisa apenas deixar o WC da área comum mais vezes limpo e realmente ter café à disposição na cozinha! Mas nota 8,5 para o Hostel, os funcionários da recepção nota 10.00. Eu quando me hospedei, deixei as malas guardadas após o check out e fui passear até dar a hora do meu voo, porém quando voltei, uma menina que fica sentada mexendo no notebook ficava me encarrando e falando baixo alguma coisa sobre mim, achei sem educação.
Stayed in the attic room Pros: location, outlets for each bed, 1 small bedside locker, 1 larger locker under the bed Cons: wifi does not reach the attic, sensor lights don't work i.e. dangerous and easy to fall, mould in the shower, very low ceiling i.e. hit your head everyday, no toilets or showers on the attic floor Advice: don't stay in the attic room
Love this place. It's got everything you need from a hostel. The facilities are wonderful, and the atmosphere is great. The staff are amazing, but they could have forced a little more guest interaction. Still, I was very happy with my stay, and will definitely come back here when I visit Porto again.
Amazing hostel!! One of the best ones I have stayed in while in Europe. Staff was the best! Super fun and engaging and they have a great bar and pub crawl. The rooms and bathrooms were as what you would expect of a hostel. Overall, pretty clean for the most part. Really good location as Porto is not too big so traveling around is very easy. I highly recommend this hostel and would definitely stay here again.
Great spot. Loved the location and the people staying there.
Excelente localização, perto existe um restaurante para almoçar ou jantar por 4 euros. Existe cozinha. Ótimo bar. Eu realmente gostei e me hospedaria novamente
Centrally located, clean, and comfy beds
Very friendly staff who are welcoming and attentive to all guests (plus a free welcome drink when you check in). Very clean showers and bathrooms.
Nice hostel. Perfect Location. The glutenfree breakfast could be more divers than just one type of cereals. Beds could be less "worn out". I like the Community canvas and the music corner.

Travellers House

I can only say good things about this place. Very approachable and helpful staff, nice breakfast, super clean and very much in the centre of Lisbon! They offer activities but never force you to participate or go crazy partying if you dont want to. Would recommend this place to friends and family and would also stay there again for sure!
The hostel was spotless and the staff were full of wonderful suggestions of activities and restuarants, it really made our stay in Lisbon. Breakfast was also wonderful.
Amazing hostel, lots of competition in this city but this one's definitely worth the price and then some.

<p>There is a reason, this is consistently rated among the top hostels in Lisbon (or even Portugal)! The atmosphere is great, and the staff make a big effort to make everyone feel comfortable! Would definitely stay again!</p>
<p>Brilliant location, extremely clean, very friendly staff and wonderful breakfast! Couldn't have asked for much more, would highly recommend.</p>
<p>When I was choosing a hostel, I looked mostly at the negative reviews. This one barely had any, and rightly so! (And to the person who complained it was full of old people, for someone who is 33, it was great!) It is very clean, beautiful, in a great spot, and the staff are amazing. João is especially knowledgeable about just about everything around Lisbon. Only real complaint is if your room faces the street, it'll be noisy. But earplugs helped significantly. Highly recommend</p>
<p>Great hostel overall! Highlights were the helpful and friendly staff, the breakfast, and the location! Secure facilities and very clean. Likely due to the number of private rooms, there were plenty of couples and families which was a nice atmosphere, just not always super extra social - but as with every hostel, the crowd and atmosphere changes quickly. Nothing bad to say about this hostel. Would recommend.</p>
<p>My stay at the Travellers House was awesome. I was there for 3 nights total in a private room. The hostel had very friendly staff who helped me with all my questions, and overall I felt safe and right at home. During my 3 day stay I participated in some of the hotel's evening events (a wine tasting night and a street art tour) which were very well organized and a great way to meet other travelers. In addition facilities we're clean and quiet and the hostel is in a perfect location!</p>
<p>Wow what a great location. The hostel has 24/7 staff who monitor the front door for security. We stayed in a 4-person mixed dorm which was on the 3rd floor so carrying bags was a bit tricky. Everything was clean. Towels were provided, which was very helpful. The location is amazing. I would stay here again for the location alone. Kudos!</p>
<p>This hostel is one of the best I've stayed at. Great for solo travelers, cause you're able to meet a lot of people. The hostel hosts regular activities, and a super awesome breakfast is included in your stay! The location is prime....very central to one of the main squares in the city. And the staff are extremely helpful in helping you plan fun activities for your stay. Everyone was so friendly. Definitely going to come back here when I visit Lisbon again.</p>
<p>Great hostel that has regular social events! There were plenty of bathrooms and showers for everyone. Location was great too.</p>
<p>Had a magnificent stay at this hostel! The staff is super attentive and very nice. Good and fun activities organized every night and the rooms were very spacious and everything very clean. Exceptional!</p>
<p>First experience with a Hostel! Wonderful atmosphere and food. Staff is so helpful.</p>
<p>If you're visiting Lisbon, you must stay at Travellers House! The staff is so kind and helpful. The location is right in the center of town, which made it easy to get to any restaurant, neighborhood for exploring, or attraction. Free coffee/tea and the breakfast is yummy. If you need to arrive before your room is ready for check-in, you have the option of freshening up and showering which is so convenient! The rooms are also spacious and the environment overall very friendly and relaxed.</p>
<p>Everything was absolutely great!!</p>
<p>Amazing hostel, we were sad to leave. Incredible ambiance as soon as you walk in. For a more relaxed setting in the middle of one of the main shopping streets, this was definitely a pleasant stay. Many opportunities to party and socialise but not a typical party hostel which we appreciated. Great staff as well!</p>
<p>Great hostel! This was my second time at the hostel , and both times have been great</p>
<p>Hostel Staff was very hospitable and understanding, facilities like the kitchen and bathroom were clean and warm water worked well. The hostel is also offering tours, which are very authentic. When you walk around the public area you feel like in a living room at home. Very cosy and comfy. Breakfast included was amazing, since you can choose between 3 options plus cereals. Hostel located in the old town near the bay. Walking distance to any place is very little.</p>

Everything is amazing about this hostel, but what really makes it special is the incredibly nice and helpful staff!!! They gave us excellent recommendations for traveling the city, and hosted daily events for reasonable prices open to all guests. Couldn't recommend more!!!
Location is very close to subway station , placa de comercio , tramways. Staff very friendly and helpful. The most remarkable at first sight :Lobby area , living room , tv room , dining area are decorated with such a good taste and planning , interesting theme nights . Very good breakfast with real eggs, good wifi connection .
Friendly staff, breakfast a nice extra and v good location. Room was clean but unfortunately smelt very bad (needed airing out but the windows were locked as the heating was on). The bathroom was also messy a couple of times. A solid choice.
if the only little thing to complain about is that the curtains let to much light into the room.....it is the hostel you need to be in Lisbon
Super great experience. The staff was amazingly helpful and also have a great aura to them...in other words the vibes were great. Travellers House was a great first stop on my month long solo trip around europe and the size of the hostel along with the central common room allowed for a lot of mingling! Absolutely no complaints, and the breakfast in the morning is an amazing touch. I felt so spoiled going to other hostels in my other trip and expecting a nice breakfast in the morning...
Excelente o hostel! ótimo staff, em especial o Alex. Muito prestativo.
One of the best hostels I stayed in so far. Nice atmosphere, nice and supporting hosts, super clean and a lot of stuff included. Stayed one more night than actually planned.
It was absolutely amazing. Superb staff with loads of recommendations. We stayed in a private room which was big enough and very clean. We had a huge blanket - bigger than mine at home - and it was no problem zu get a second one for free. Fresh and delicious breakfast. I come back =)
Best hostel I have ever stayed at! The location is unbeatable, the facilities are amazing, the free breakfast was delicious, and the staff was so warm and welcoming. Towels and locks are provided, too! There are events planned every night to help immerse you in the local culture or meet the other hostel mates. Special shoutout to Alex who was SO lovely and friendly. He even took the time to give me tips on a walking tour and things to see around Lisbon. 10/10 would definitely stay here again!
This was the best hostel I've ever stayed at! It's not a crazy party hostel, but you'll have an amazing time! My best advice would be to do the evening events because you'll get to meet/know the people in the other rooms super well! My friends and I went on day trips with some of the people we had met just the night before. The staff is super sweet and knowledgeable, and made my stay amazing. I cannot wait to come back to Lisbon again!
There is no sockets for some beds. It's very difficult to lock and open the bathroom door.
One of the best hostels i have ever stayed in. Friendly and helpfull staff, perfect location, good events on the evening to socialize and good value for money. It is a no brainer to stay here.
Best hostel I've been, great breakfast enough for a long day to travel, great ambiance, ALL the staff is wonderful and so helpful, amazing location close to everything, perfect bedrooms and really clean bathrooms. BEST OPTION TO STAY :)!!! :D
Travellers House was a great place to stay! Everything was clean, the breakfast included was good and staff were very friendly! I would highly recommend travellers House!
AMAZING hostel!!! Staff is so friendly and helpful. Location is perfect. Free breakfast was delicious. Really comfortable and fun atmosphere. Would highly recommend to anyone traveling to Lisbon!
Fantastic hostel. Easily one of the best I've stayed in. I stayed in a four bed dorm. The room was a good size and the beds were comfortable. The communal bathroom was also great and kept clean. The breakfast is great and cooked for you by the staff. The staff are lovely and happy to give you details on where to go and what to do. They also put on various social events each evening. The location is also great. I would happily stay here again when I return to Lisbon.
I really loved my stay in this hostel!! The location is really amazing, since it's so close to Arco da Augusta you can see it from your window. It's super easy to get there. The staff was super friendly and efficient and the activities organized were really greet to meet

<p>new people and learn more about Portuguese culture. The breakfast is also nice, and it's included in the price. I truly recomend this hostel, and hope to come back again.</p>
<p>All the reviews are right. This place is beyond expectations, and I've literally never stayed in a hostel this nice. I think it might be better to stay here in a private room than in a hotel. We were in a private room with shared bathrooms and it was amazing. The staff remembers your name and has the best guides to where to go. Stay at the travelers house, enjoy the breakfast, the location, the staffs recommendations and for the cheapest price!</p>
<p>Everything was awesome. Everyone should stay here. The people, service, dorms, location, you name it. Very pleased with everything.</p>
<p>Located in the centre of Lisbon's Baixa district, Travellers house is perfect for anyone looking to see the Portuguese Capital. The staff are incredibly welcoming and friendly. They are very knowledgeable about local bars and restaurants and of course the city. The hostel puts on events each night to facilitate the experiencing of Portuguese culture and general revelry. There is no pressure to join however if you have your own plans or don't fancy it. 10/10 I can't wait to visit again!!</p>
<p>Travellers House was one of my favorite hostels I have ever stayed at. The atmosphere that the staff of Travellers House creates was great. Everyone who works there was so kind and helpful with suggestions of what to do in the area. They also had really fun activities to do through the hostel. I stayed in a 6 bed dorm which did not feel over crowded. The hostel was kept very clean in the rooms as well as the common areas such as the kitchen and the community bathrooms.</p>
<p>One of the best hostels I have ever been! The location is just great! Super central, very easy to move around! The hostel has all the facilities a traveller may need! Everything is super clean and there is a great atmosphere, you feel like you are at home The price is super advantageous considering the quality of services you are offered! Every night they organize an activity, which is the perfect way to connect with the other travellers! Moreover the staff is awesome, especially João and Alex!</p>
<p>Overall impression & experience at TH was beyond my expectations! Pros: 6 bed budget dorm (Lagos) is spacious & away from the main street's noise compared to the basic. If u get the bunk in the nook, it's a winner! Dbl lockers under the bed to tuck away luggages. Common areas are big & have a great vibe. Nightly events to get u socializing. S/O to João, Alex, Perry and the incredible staff for making my 6 nights so very entertaining. Cons: Flat pillow (I asked for a 2nd) & low bottom bunk</p>
<p>Just the perfect place to stay! Joao, Jorge and Alex made my stay and my mom the best possible! Couldn't think of anywhere else that I have stayed and I felt like at home like there! Will certainly go back!</p>
<p>Excellent place , definetly I'll come back. Everything was perfect.</p>
<p>The best staff here. Was such a homely place, would definitely recommend to stay at the Tracellers House!</p>
<p>We had a wonderful stay at Travellers House, it is perfectly situated 2 minutes from the commercial square and 2 mins from Elevador Santa Justa. The room was perfectly sized for two and the shared bathroom was clean with good quality showers. Staff were extremely friendly, helpful and welcoming and the complimentary breakfast was a perfect way to start the day. We would definitely stay here again and have been recommending it to everyone!</p>
<p>This is my first experience staying in a hostel and I'm glad I popped my cherry with the Traveller's House. I was impressed with the cleanliness and the comfort of the bed. Never had an issue with the bathrooms or showers. My room was facing Rua Augusta and although it is a pretty loud area the view was worth it. Breakfast was great and the staff was always willing to help. Thumbs up!</p>
<p>Ambiente limpo e organizado. Melhor staff que já conheci em hostel... bons eventinhos para socializar.</p>
<p>Wow, so impressed by this hostel! From the moment I walked in I was warmly greeted, offered coffee and water, given a tour and had my bags carried. The staff really shines at this place, and unlike other hostels where a bored staff member sits behind the desk and treats you like a number, this place really makes you feel welcomed and comfortable. Aside from that the location is fantastic, super easy to find. The rooms are great, you can tell they're designed by a fellow traveler</p>

Yes! Lisbon Hostel

Amazing atmosphere for solo travellers, they even have an entire day plan for you if you're indecisive
Where do I begin. All of the staff at Yes! Lisbon are great but we have to shine the light on the individual who made our stay unforgettable. Fabio, you are one of the greatest people myself and my Canadian travelling buddy have met. You gave us advice, tips, information, and anything else we needed. In our opinion, you're the heart of the Hostel. Salude!
Loved this hostel because you could definitely make it a party hostel or relaxing hostel! Great location, staff, price, showers, but only con was that the WiFi didn't work at all during our stay.
Love the hostel!!! Meet great people, in the Center everything is walkable and easy! First time and not the last time!!!! Thank you a lot to the staff that was really helpful and nice!!
Almost perfect hostel - but the WIFI just work in the common area and it is sometimes very bad. And the airport transfer was also not good (had to pick up random people and was 30min late at the airport - so book it earlier as you need)
Really good hostel, didn't have any complaints.. I am a solo traveller that came down from Porto, so there are very good options. The free walking tour is really good and the girl that took us on the tour was amazing and funny, so she made it real fun! Nice drinking area to chill at the bar, and I would reccomend the Sintra tour, the host is really nice! - Justin Ogle from Australia
One of the best hostels I've stayed at. Staff were so friendly and the family dinners were amazing! Beds were comfy and the bathrooms were always so clean. Perfect location too.
Had an amazing stay here! This probably is the best hostel in Lisbon. The food is great and it's a great opportunity to meet some fellow travelers and join the pub crawl or just go and do your own thing. Highly recommended! Thanks again to the staff :) William
Had a great stay here at Yes! The staff went above and beyond by giving great recommendations, making sure we felt comfortable, and they were so nice! The beds/showers/bathrooms/kitchen were always very clean, seemed like they were cleaned a few times a day. Definitely participate in the group dinner, it was worth it! I do wish the wifi was better, but I survived not using my phone 24/7. I would highly recommend staying here, and if I'm back in Lisbon- I will definitely be returning. Thank you!!
Great hostel!! Perfect location + friendly and relaxed atmosphere
A truly awesome hostel. Clean, friendly, awesome location with a brilliant vibe. Met lots of lovely people and the staff were such a lovely bunch. Special mention to Fabio and also the lovely chap with glasses (I didn't catch his name) but he was a star! Cannot recommend enough. Only small criticism is the WiFi only worked in the hangout area and not in the rooms, otherwise it would have been a perfect score! Thank you for an awesome hostel experience and stay. Cheers!
A very social hostel. People who go here are fun and outgoing people but it is also okay to stay to yourself. The mixed rooms are very good because each bed offers a lot of privacy. There is a curtain blocking your bed. The lockers underneath the bed is large and secure. They can lend you locks . There is a kitchen but it is mostly used by the staff cooks and it feels intrusive to be using the kitchen. So not a cooking hostel. But the atmosphere is great and it is a fun hostel. Would go back..
This Hostel was 5 star I've never stayed in a Hostel so clean. Beds were very comfortable and the Pillows perfect. Amazing location. Staff are genuinely warm and friendly. No complaints from me and believe me I'm very hard to please
This hostel was so nice! The bathrooms had rain showers with hot water and good water pressure. The beds were big and comfy. The people working there were super friendly as well so overall we had a super positive experience. Location was great - plus it was so affordable! And it was pretty easy to meet people in the common area. Would definitely stay here again!
Lugar limpo, seguro, confortável e de funcionários receptivos. Boa cama para dormir, bom chuveiro para tomar banho. O problema fica por conta do Wi-Fi. Praticamente não funciona. Isso deixou a estadia muito desagradável. Mas de resto, as instalações suprem a necessidade.
Amazing!! Fabio (Chocolate Fabio :)) is an absolute darling! He could light up anyone's day! Super helpful and the list could go on and on and on... The hostel is super clean and in the heart of Lisbon. It was my first time traveling solo and do not regret one bit! The hostel was

better than some hotels i have stayed in before. Super safe, clean and friendly!! Will definitely be back! Egle x
I enjoyed my stay here more because of the love that the staff of Yes hostel showed.
The wifi didn't work the entire weekend and I was needing to do work on my computer. Very inconvenient.
Amazing Staff and Best Location possible ! Was our first time in Lisbon, and i don't have doubts about coming back next time ! Every day a dinner with 10 euro and open bar. Every day free walking tour. Every day pub crewl. Every day all you need for visit the real lisbon
They have everything you could want in a hostel. Great beds, footlockers, tons of bathrooms, friendly/helpful staff, great optional social scene, a bar, etc. Dinner is available most nights with free drinks for 2 hours included in the price of dinner. I found the Sintra tour to be a great option available through the hostel as well. The only thing I would request is a free breakfast. It's only 2 euro, but when you're on a budget... Either way, highly recommend Yes! Obrigado!
Just stay here. I tacked on an extra day of an amazing trip with old friends to check out Lisbon even though I would have to be alone. Despite being by myself, Lisbon and this hostel ended up being my favorite part of the whole trip (don't tell my friends).
Fabio and Pedro who work front desk will greet you every time you walk by! They are such characters and create such a friendly environment. I stayed in a mixed dorm with 4other people. This is the cleanest hostel I have ever been in!! Central location. Access to everything. Evening dinners 10euros for 3 courses were great for socializing I tried the pubcrawl and felt it was geared toward a frat party vibe which isn't mine, but others have had a blast. Met great people to hang, will book again!
Awesome hostel! Staff is super friendly and there's a great atmosphere :) Join the nice dinner and the pub crawl and meet the other people that are staying here! It's very clean btw and the beds are comfy!
Great hostel in good location. Staff do a wonderful job creating a good atmosphere. Easy to meet people. If you can do the Sintra your is highly recommend
I love thus place. It far exceeded my expectations. The staff was amazing and I met so many great people. I will never forget my experience in Lisbon. Was the best trip ever!
Great hostel, great location, lounge is a bit noisy. Only problem is the wireless which hardly ever worked - not even in the hostel's computers.
One of the best hostel ever, great atmosphere, Staff is Great! Pedro and Catherine are awesome!
This a great hostel and I would highly recommend young, solo travellers to Lisbon to stay here. Its very sociable, I made friends almost instantly due to the communal dinners, and the staff organised excellent walking tours of the city and a trip to the Sintra district. The bar is great and the pub crawls are a fantastic way to meet people. Perfect location in the downtown with close proximity to upper town, Barrio alto and the ports. Really nice rooms and great facilities.
Melhor Hostel que fiquei em minha vida, prefiro ele a ficar em hotel. Perfeito. Limpo e organizado. Funcionários extremamente hospitaleiros e disponíveis. Pedro e sua equipe fazem o possível pra integrar e agradar os hospedes. Tem jantares, passeios e eventos que animam os hospedes. Instalações amplas e confortáveis. Vou voltar novamente e recomendo.
Very friendly staff. Clean and tidy and organized. Value for money.
Dinner every night is definitely worth it, you get a lot of food and drink for 10€ and you need to do the pub crawl at least once!
A really Perfect stay, this hostel is perfectly located, has overall good facilities and a good breakfast for 2€, and has comfortable beds. The staff is amazing, warm, and friendly, and the tours and activities they offer are a great value for money as well as thoroughly entertaining.
Amazingly warm and welcoming staff. Traveling alone was no problem since the group breakfast and dinners create an atmosphere for meeting other travelers. My room and the bathrooms were very clean. I would recommend anyone visiting Lisbon to stay here!!
Amazing hostel! Very clean one; family atmosphere and very very friendly and helpful staff!! Amazing dinner!! Staying in Yes hostel in Lisbon made my trip even more memorable!
A very very pleasant place to stay in Lisboa for a a couple of days. The atmosphere is warmful and welcoming. I would advise this hostel for one of my friends !
Excellent stay- perfect location in Lisbon (walking distance to everything). Incredible staff and atmosphere- would happily stay again!
Recommended!

Yes! Lisbon was a dream—friendly staff, daily walking tours & tours to out of Lisbon, daily family dinners which makes it easy to meet people if you're travelling solo + great pub crawls. When I visit Lisbon again, I'll be going back to Yes!
This is my new home! I came there again because I love the people there and I fell in love with Lisbon. Rui, Fábio, Jessica,... the whole staff is just awesome, including Bruno doing the pub crawl, of course! The dinner is really good, especially the desserts!!! And the breakfast for 2 euros is really good! Really, just go there. It's fu***ing awesome!
Awesome ambience, friendly helpful staff! Felt at home.
Everything was perfect except wifi wasn't working well. Highly recommended!!!!
Absolutely loved my stay at Yes! Lisbon. The atmosphere is top notch and the staff really wants everyone to feel like a family. Dinner is really great, even for vegetarians. Wish I could've stayed much longer! An extra shout out to Fabio at the reception for making this place that much more special.
Amazing place, amazing staff. I've been to a lot of hostels, but these guys have it figured out! Huge gliding storage bins under beds, and they even give you a lock to use! Ladder up to highest bunk was solid, nothing creaked to disturb others if you had to come and go. Each bunk had it's own electric outlet, book light, and small shelf (invaluable for putting things on overnight, instead of worrying that it's going to fall thru to lower bunk!) Staff were awesome. Loved it.
This hostel was amazing! Super clean, great location, nice friendly staff, cheap beer and wine, would recommend to everyone visiting Lisbon!
Can't complain at all. Facilities are well kept. Staff were great and know how to show you the best of the city.
Amazing. Comfy, quiet, private beds. Quiet rooms even when there's a party downstairs. Hot, powerful showers with lots of space for clothes and getting changed. Wonderful staff who make you feel like part of a family even when travelling alone and do everything to include you. And the food. Some of the best dinners I've had while travelling and great social atmosphere!! Probably the best hostel I've been to. Only suggestion would be to add a mirror and coat hangers in the dorms.. I'll be back !
Great staff from Pedro to every single other guy/girl. The atmosphere is nice, they try to involve you in any activity and the walking tour with Caterina it's a must. For a solo traveller looking for someone to hang out with this is the place, so it is for a big group. Careful with Fabio's sangria, you will feel it the day after and try at least a dinner there, a very good way to socialize and the food is good :)
The best hostel I have ever been! The beds were comfortable, the place super clean, amazing staff and good food. The atmosphere is really nice, the staff will give you good tips about the city, play games, go for the pub crawl with you... Definitely staying again!
What can I say? Easily one of the best hostels I have stayed in. The staff went above and beyond to help me out, and made sure every guests stay was memorable. The most genuine hostel staff I have ever met, and some of the coolest guests too! Make sure you have the hostel dinner and go for the walking tours!
Staff was so friendly! The location was right by the main plaza and very close to a metro station. This hostel is the nicest hostel I've ever stayed in. They have €2 breakfast and very cheap alcohol! Only down side to the hostel is that the WiFi was a little slow. But still 10/10
I travel a lot and have stayed in many different hostels. I can honestly say that this is one of the best one's that I have ever stayed in. The staff is incredibly nice and welcoming, the atmosphere of the hostel itself is perfect, whether you're traveling by yourself or with a group of friends. I didnt want to leave and when I go back to Lisbon, I will definitely be staying here again! Obrigado!
Great staff and a lot of friendly travelers! One of the best hostels I've stayed in so far!
Fabio was the best man in all hostels that i stayed! Great breakfast at 2euro. However, G was not so helpful when i asked for towel rent. Asked me to wait for one hour, when theres towel available at the first floor. Nevertheless, i wont let great people like Fabio and Elder to have low ratings. They are just great and genuinely helpful.
Great place to stay - clean, private and secure. Enjoyed the meals at the hostel and day trip to Sintra.
One of the best hostels I've stayed in. Clean, friendly staff, great cook, relatively cheap and they encourage meeting fellow hostellers like nowhere I've ever stayed. Great common area always filled with people to strike up a conversation or grab a beer with. Met some friends

there I'll be keeping in contact with even after I'm home. Will be coming back if I have the chance!
I stayed here for 3 nights as a solo traveler. It is very central and perfect for my trip. Was lovely that you could eat with other guests in the evening and felt comfortable. Very good value with 10 euro for 3 course meal and drinks. Extremely clean and the staff were amazing and friendly
Highly recommend for solo travellers. Great place to meet people with the nightly dinners and Sintra trip. One of the best hostels I have stayed in!
I loved Yes! Lisbon for the people, and the dinners were fantastic and so much fun. However, I'm surprised it has such a high rating. It was incredibly loud in the rooms, both from the street and from the hallways. There was no overhead lights in the rooms and the beds weren't great. The pub crawl was absolutely not worth the money; the bars were either far away or not fun or both. One of the better hostels I've stayed in, but does not live up to the incredibly high rating.
Everything is good But the Wifi need to improve
Amazing Amazing Amazing Hostel! Definitely the best hostel I have been to in Western Europe. Staff were incredible and so helpful. There was one afternoon I was planning on going to Sintra with the hostel although not enough people signed up and subsequently the tour didn't go ahead. I was in the lounge researching my next moves and one of the staff members - Catarina called me over whilst she was having lunch and helped me plan a trip to Belem for the day. Such great customer service!! Thanks!
This was by far the best hostel experience I could have asked for. The location was perfect and the staff were extremely helpful and polite.
I really enjoyed my time at the hostel! Very clean dorms and washrooms, excellent atmosphere, great dinner and activities and amazing staff! This is definitely the place to stay in Lisbon!
Such friendly staff, perfect location!! Would definitely stay here again
LOOVED THIS HOSTEL. I travelled all around Europe and this was by far my favorite hostel. Super social, great activities and people! Highly recommend
This hostel really ticks all the boxes. The staff welcome you like old friends and introduce you to everyone and anyone in the social areas whenever they see you alone. The rooms are spotless (and the bathrooms also); far enough away from the bar to be quiet and places to chill and get a good night's rest. The 4 bed dorm got pretty damp at the top of the building, so I'd recommend staying in the five. I was moved down a floor without any qualms, and slept like a baby for the duration!
Had such a good stay here!
This is the best hostel I have stayed so far. Very clean, perfect location and all staff are super helpful. I particular want to thank the staff who is from Lagos, he was our driver/tour guy to Sintra. Thanks we have a great time with you. You are the best.
Met some amazing people, staff really friendly, great location, great times
I've stayed at this hostel before, and will likely stay again. Great staff, excellent dinners, friendly atmosphere. Good location. Recommended.
The staff are amazing really make you feel welcome and nothing is too much trouble I would definitely stay here again
Best hostel I've ever stayed in! Best location right next to the city center and the water. Incredible staff that you just wanted to hang out with. Amazing dinners for the lowest price where you can talk with your fellow travelers from around the world. Great breakfast for 2 euro (I made a panini every day). The rooms and bathrooms are really nice and comfortable as well. I really hope to come back soon!
Superb hostel. Very friendly staff, beds have curtains, elevator available, the food was good, etc etc. Only remark might be understaffed at times. The front desk is almost always busy, meaning you might have to wait a while before you can e.g. check out.
An amazing hostel. Staff are knowledgeable, friendly & helpful. The common room where the buffet breakfast and 10€ 3 course dinners take place is really social & makes it easy to make friends. Clean & homely overall. The Sintra tour was a highlight! The guide was really passionate & felt like we saw places & learnt stuff you wouldn't if you went alone. I would recommend to anyone & would come back. Only negative was the bathrooms and dorms didn't have great lighting for say applying make up

<p>Amazing location, amazing staff, amazing everything! The dinners were delicious and the perfect way to get to know others (I had an allergy too, to shoutout for being awesome and making me feel so safe eating there). The Sintra trip guide was fantastic and shared so much information. The staff were so welcoming and helpful with everything. This place really made my trip!</p>
<p>This place was awesome. First time I've stayed at a hostel in about 10 years and was a little nervous, but everything was great and the staff was so nice and helpful. Family dinners are really fun and a good way to meet people. Sintra tour was well worth it and Luis is such a fun guy. Books up fast so get it!</p>
<p>Fantastic hostel at one of the best locations in Lisbon. Fabio is potentially the most chilled out / positive person I've met in my life and he will for sure make your day. We stayed here for 2 nights and took an overnight trip to Sintra and they let us keep our luggage there which was greatly appreciated.</p>
<p>excellent</p>
<p>This hostel has a great location and the staff was awesome. Couldn't have asked for a better way to celebrate my Birthday. Meals and drinks were all great as well. Thanks!</p>
<p>Cool place. Walking tour sucksssss tho lol</p>
<p>Had the best time at Yes! Location is amazing. Never felt so welcome at a hostel and this was down to the amazing staff! The evening meals are great to socialise with other travellers and the tour to Sintra was really good! Rooms had everything you needed and facilities were always kept so clean. Would definitely recommend - next time I'm in Lisbon I'll be going back here for sure! Thanks Yes!</p>
<p>The best hostel I've ever stayed at. It is so clean and nice, with excellent staff there 24/7 to help. It's perfectly located and has the best bathrooms/beds/hangout areas. They also have excellent dinners for super cheap, a free walking tour, and drink deals. Highly highly recommend and 10/10 would come back.</p>
<p>Stayed here for 2 nights. Awesome atmosphere for hanging out in the lounge area. Staff made it feel like a family. Really great group. Chef cooked up amazing food every night. Great value for money. Shout out to Marina for being amazing. Thank you. Would recommend.</p>
<p>I have stayed here in the past and will always check here first when I come to Lisbon. Great hostel near the metro station and old town, and they have amazing supper deals and tours. One small thing I would change was to have more bathrooms, there are only three showers/toilets per floor from what I've seen. Having said that though, I've never been unable to have access to one when needed.</p>
<p>Fabio is an absolute legend! All you need to do is trust in Fabio and you will have a brilliant trip to Lisbon!</p>
<p>Loved this place. Breakfast and dinner are good value, dinner especially good for making friends. I didnt go on the pub crawl as I just chatted with people in the hostel after dinner. Privacy curtains on lower bunks. Byo lock. If you like cooking your own dinner, don't stay here or cook your lunch instead. The kitchen used by travellers is also used by the staff cooking the meals and it's clearly annoying for them if you're cooking at the same time, especially at dinner</p>
<p>Yes! Lisbon was my first ever hostel. I could not have felt more welcomed! The staff, experience, tours, pub crawls, all 100%. Highly recommend staying here. Yes! Lisbon, Yes! Lisbon, Yes! Lisbon</p>
<p>Amazing hostel! Amazing front of house, Fabio! What a legend, highly recommend. Especially if you like a good night life!!!</p>
<p>This hostel was by far the best I've ever stayed in. The atmosphere was so friendly and lively, we stayed four nights and had such a great time. Dinner is definitely a must there, and the pub-crawl was worth doing the first night! Staff was so so sweet and we made so many friends in so little time. I would definitely recommend it. Can't wait to be back!</p>
<p>Definitely my favorite staff out of all the hostels I've stayed in over the last two months! I felt like I made lovely friendships here with both the staff and the other guests. Great walking tours, quiet rooms-options to party and eat cheap.</p>
<p>O melhor Hostel que já fiquei na vida! Tudo é foda 🙌🙌🙌 Que lugar, que equipe, que tours e pubcrawl!! Excelente.</p>
<p>I had a really great time in Lisbon and I met some really fun people through the hostel dinner and pub crawl! The staff was really nice and helpful! The location is ideal as well, very easy to find and get around the city.</p>

Had such a great stay here - it was clean and comfortable and had a really fun atmosphere. The staff were also super helpful, thank you!
One of the best hostels I've ever stayed in. Can't think of anything to fault it.
I highly recommend this hostel. The staff are incredibly friendly and instantly make you feel at home. They offer various activities, including: 2 different walking tours, my tour guide was Huy, he was informative and fun to be around. Also, they offer a trip to Sintra, Belem, Cascais and Cabo da Roca- I highly recommend doing that also. They offer dinner and pub crawls every night at an affordable rate and the food is great. Would definitely stay again.
I loved the time spent in that hostel.. Rui, Fabio - love you Guys
Yes! Lisbon hostel was a very welcoming and beautiful area to stay during my vacay. I loved the walking tours by Rui, he is such an excellent guide; and the tours were very educative. The place is kept clean at all times. You also get to meet a lot of new friends. They have dinners and breakfast that are so filling and delicious (for a fee ofcourse but very worth it, I promise 😊). I wish they had a Yes! Lisbon hostel in every city in Europe...it would make my life easier 😊. I will be back!
The staff were incredibly friendly and always happy to help; all being locals, they can offer great advice on things to do. The morning walking tours were really informative and the trip to Sintra shouldn't be missed! The nightly dinners make it really easy to meet new people and the pub crawl is always worth a go. All in all I couldn't have asked for a better hostel for my first time solo travelling!
This Hostel is honestly amazing! The food is great, the pub crawls, the staff, just in all 100%. I would recommend this place to everyone. The atmosphere is very welcoming and you get to meet people from all over the world. Had an amazing time here!
O local é ótimo, os "walking tours" são perfeitos para conhecer a cidade, principalmente quando guiados pelo Rui. Estar no "Yes" tornou a minha viagem inesquecível.
This is the second hostel I've visited and I'm not sure if I'll find another one like it. As soon as I walked in the door of the hostel I could feel the friendliness of everyone. The rooms were clean, well kept and spacious. The lounge was gorgeous and a great place to relax and meet new people. The three course dinner they offered for €10 was some of the best food I had in Lisbon. Not to forget, the pub crawls were a lot of fun and definitely worth trying at least once! I will be back for sure!
Safe, clean and well located. Staff are very friendly and the bar crawls and meals are great fun! Would definitely stay again!
I loved everything about this hostel. It was a ton a fun (their 10 euro bottomless dinners were so much fun), the facilities were super clean, and the hostel staff had a ton of great recommendations for day trips. Stay here!!!! Totally worth it.
Yes! Lisbon is a wonderful hostel to stay at! The staff was incredibly kind and welcoming and they encouraged a very sociable and fun environment. The hostel is located in a great spot, walking distance from may attractions in Lisbon. Every night, you can pay only 10 euros for a delicious home cooked meal by the staff along with an open bar. I did not eat at the hostel every night, but I had the meal twice during my stay and it was delicious. The bar crawls and Sintra tour were super fun too!
Everything was amazing! I have stayed in a lot of Hostels but this was one of the best ones. The staff was so friendly, and it was super easy to meet people in the common room / bar. Dinners and pub crawls every night, and a free shot for everyone. Clean bathrooms, great showers. The Sintra trip was great. Wished we could have stayed longer, still dreaming about it! Obrigada!!!
Excellent hostel all round, the group dinners are great for meeting people, the staff very friendly, the rooms clean.
Awesome staff, location and atmosphere. I will definitely recommend this hostel to all my friends that plan to visit Lisbon!
Amazing location, very friendly and polite staff, delicious dinner from starters till deserts, good breakfast, comfortable beds, clean shared bathrooms.
This hostel was honestly one of the best parts about Lisbon for us. We had just come from a relatively unfriendly city; walking through the door at Yes hostel to their extremely friendly greeting turned our trip around. The hostel was extremely clean with good facilities. Staff was abundantly helpful, friendly and all around fun.
This hostel was absolutely fantastic! Their Sintra tour is a must. Such a man amazing value, better than anything else you'll find offered online. The dinners are lovely and the open bar

during is just a huge plus. I can't believe how all the staff just remember your name right away and are so friendly and kind to everyone. And of course the place is very clean and walking distance to many things. Would definitely come back.
Staying at the Yes-Hostel were one of the best days in my life. The atmosphere in the hostel is amazing, you meet people from all over the world. The diner is just delicious. It's absolutely the cleanest hostel I have ever seen. I highly recommend doing the daily Pub-Crawl and the Sintra tour! It's amazing! The staff is unbelievable. They are incredibly friendly and caring and very funny. They help with whatever you need! I stayed 5 days more than I planned just because of the hostel.
Yes! is the best hostel I have ever stayed in. The staff is absolutely incredible and some of the kindest, most caring people I have ever met. They provided an incredible environment and made me love Lisbon even more than I already did. I am already planning another trip to Lisbon and will absolutely be staying in Yes! again.
Just got back from a brilliant stay at this hostel. My friends and I had a really fun time. This hostel has lots to offer... the walking tour was great and we really enjoyed having dinner one evening with other guests. The bar/common room was really relaxed and seemed to be open all the time! The beds are comfortable and noise didnt seem to be a problem. The location is also fantastic!
I had a really good stay here, the rooms are big and really comfortable. Nice big common area and good bar prices. I'd recommend doing the sintra tour, it's really good value for 6-7 hours of activities. Perfect for solo travellers, I met loads of amazing people at the hostel dinner to go out with! Thank you :)
Super friendly staff, not too expensive and very central. Lisbon has no shortage of good hostels. Thank you Ruiz for the good company and welcoming vibe. xo
Absolutely awesome hostel! I stayed there for a weekend in February and it is definitely one of the best hostels I have ever stayed at! Staff were amazing and super helpful. Also they organised breakfasts and dinners together which made the stay feel so homely and helped us connect with other people in the hostel. Additionally, they offered tours around Lisbon and pub crawls! Honestly had the time of my life there and if I ever return to Lisbon, I'd definitely stay there again!
Yes Lisbon is amazing!! The staff are bloody fantastic, the hostel is amazing, location superb, best vibes with shared breakfasts, dinners and nights out. Wouldn't change a thing :) Highly recommended.
Location of hostel can't be better. Everything was so close. Staff is beautiful. Everyone very friendly and helpful. Special thanks for Diane (hope I remember proper name) kichen chief. She is lovely person and her dinners are amazing (10 euro for three dishes dinner and open bar is bargain). Only complain from us is a bit wet inside room. You should provide some dehumidifers to keep room more dry during winter months. But for sure our next visit in Lisbon means stay in YesHostel
Best hostel I have stayed in for meeting new people as a solo traveler. The nightly dinners are an amazing opportunity for the hostel to eat & drink together and get to know each other. In two nights I made a dozen friends at the dinners and group activities. Bathrooms and rooms were very nice and clean, breakfast in the morning was great for the price compared to what I've seen offered elsewhere. Strong security, each bed gets a large drawer for a lock. Great central location. Awesome staff!!!
The bathroom stalls are laughable small, and only 3 for the whole floor I was on. The main lighting in the room was very strange and dark- came from behind a wooden display of Lisbon. Cool to look at but not useful as a light at all. However the staff and people at the hostel were great, and the dinner was fantastic! Overall a great stay.
Yes! Lisbon was an amazing hostel. I stayed here for a weekend trip away and had such a fantastic time. The staff were so lovely, friendly and energetic and the overall atmosphere of the hostel was amazing. The dinners and pub crawls that are hosted every night are a great way to meet fellow travellers. As a solo traveller I would definitely recommend this hostel.
This hostel sets a new standard for hospitality and professionalism. Above all else the staff sincerely treat you like family. They make everything seem easy and nothing is a hassle for them. In fact, they enjoy being there for you and making your stay in Lisbon as amazing as possible. Today I arrived at another highly rated hostel in Seville but it is nowhere near as warm and welcoming as Yes Hostel in Lisbon. Makes me wonder why I ever left!

Excellent Hostel!! The only drawback was the bedroom that was assigned to us, which had tiny windows and was far away from the showers. Apart from that it's super cool and the dinner they serve everyday is perfect.
Awesome hostel, the staff is amazing! Love the hipster vibe and the facilities. Definitely the best hostel I have been too in my life! Thanks guys
Yes Hostel had a great atmosphere, excellent food and everything was clean. The super friendly staff (shout out to Fabio!) were always happy to help and went out of their way to make my stay more enjoyable. Would definitely recommend!
AMAZING hostel, with even more amazing people. I highly recommend staying here!!
Incredible staff, atmosphere and convenience! This hostel has it all, would definitely return
MELHOR HOSTEL DE PORTUGAL!!! Excelente localização, facilidade de transporte pra todos lugares e próximo à maioria dos pontos turísticos, sendo possível visitá-los à pé. Melhor do que muitos hotéis! Hostel totalmente limpinho, higienizado à todo instante. Atmosfera jovem, receptiva, comida maravilhosa e muito seguro. O time que trabalha lá nos deixa muito à vontade, uma verdadeira família! Já quero voltar logo! Me senti em casa! Era minha primeira experiência em hostel e eles me encantaram
Seriously, this is the best hostel I have ever stayed in! And it will be really really hard to beat. The environment, even in off season was awesome and lively. The dinners are such a great value and delicious, they're also super accommodating when it comes to allergies/restrictions. The staff is amazing, the place is clean, the rooms are cool, the common area is cool, the kitchen is top notch. And the location is central to everything. Could not be happier with my stay, and will 100% be back!
One of the best hostels I've stayed in Europe. Two thumbs up especially for the friendly staff. They absolutely make this place even better. This was by far one of the hostels with the best vibes EVER.
Excelent place to stay in Lisbon!
A cama é confortável, o banheiro (e as outras áreas) estão sempre limpos, o espaço para guardar as malas é grande, a comida é uma delicia e as pessoas que trabalham lá são incríveis, fazendo com que o atendimento seja muito bom!
This hostel had a great vibe & the staff were friendly and helpful. The chef is amazing & cooked to my vegan requirements which I didn't expect but was an added bonus!
AMAZING! The whole feel of the hostel was always so welcoming. Incredible staff who know how to have a good time, clean facilities, very safe and in prime location. The €10 family dinners are a must! We can't wait to come back and see the Yes! Hostel fam!
Second time staying at this hostel. You simply cannot beat the location! Easy to get to the train station for day trips to Sintra, the main squares, all the viewpoints and castles are walkable. The staff is very knowledgeable and friendly. The hostel offers a 4 course dinner every night for 10 euro. They change the menu every other night. It is delicious and a great way to meet your fellow travelers. There is also a pub crawl each night for 12 euro which is the best in Lisbon. The Laundry is 6.
The rooms are really comfortable, the dinners are amazing, everybody in the staff is incredibly easy going and fun, there's fun nightlife everyday, the downstairs lounge is very comfortable and suitable for knowing people, the walking tours are ideal for knowing the city, the location is excellent... and all that for a very cheap price. I would definitely go again and recommend it to everyone! Don't think it twice, stay in Yes Hostel because you wont regret it!
This was an awesome hostel!!! The location in Lisbon is great! It's walking distance from all the major attractions and very easy to get to from the bus or train station. The staff is super awesome and friendly, and they are ready and eager to help in any way they can. The family dinner and pub crawl are wonderful ways to meet people. The social environment of the hostel is wonderful and it was very easy to make friends. The bathrooms and dorm rooms were very clean. I would recommend to anyone!
Excellent hostel, super friendly staff and mood. Tours were great experience and value. Highly recommend!
Can't recommend this hostel enough. Not only did I extend my stay the first time, but when passing back through Lisbon again, I didn't even look at other hostels. Clean, comfortable and the staff make you feel at home immediately. Seriously, every one of them was kind, helpful and hilarious. The atmosphere is perfect for meeting people, which as a solo traveler, I really appreciated. Take advantage of the DELICIOUS dinners and the pup crawl, and free walking tours!

No complaints - has a great time at Yes. The staff is very friendly and helpful.
Pessoal 5 estrelas!
Nice hostel with comfy beds but really the staff is the most fantastic part of this hostel. Pedro is great and Daiane, the chef, cooks amazing food. Everything is so welcoming and well done. Location is fantastic.
I spent around 2 weeks in this hostel. It's on the top 5 hostels of my life and I know more than 50. It's good for lonely travelers because in the dinner you can meet many people. The chef Daiane, Duarte and Fabio helped me a lot. See you guys!
In a point of view of a solo-traveler staying in a mixed dormitory. Very high level of rooms, very clean, the price per night is pretty cheap. The staff is amazing! super nice and friendly, they will help in everything you need with a huge smile.. the hostel is very social, a big meal is served every night, and they do their own trips to Cascais & Sintra- very recommended. Thank you Yes hostel for the amazing Lisbon experience you've given me, I'll come back for sure!!
AWESOME!!!!!!!!!!!!!! This is the best hostel you could ever choose to stay in Lisbon!!!! They really make you feel like part of the family, they call you by your NAME!!!! THIS IS AWESOME!!! The room is excellent, the bed and the pillow are super comfy, the bathrooms are always cleaned and they have a super breakfast for only 2 euros! They offer a great tour to Sintra and an awesome dinner everynight where you can meet many people of the hostel! I WOULD DEFINITELY GO BACK!!!
Nice team and good location. Found the rooms and building dark and not so nice to be in. Barely any light came in. Common area was nicer.
We only had an issue regarding to airport transfer, which was fixed by Santiago. Besides this, the hostel is very well located and has very good facilities. Good breakfast for only 2 Euros.
I was travelling alone for the first time and I did not feel alone at all. The staff were extremely friendly and helpful, especially Fabio and Rui. The hostel dinners were excellent and had a great atmosphere. Facilities were clean. The hostel-led Sintra tour was very convenient but if you are looking to see most/all the palaces in Sintra, I suggest going separately.
What a welcoming group of individuals who run this place! The staff are unbelievably friendly and so helpful! The homemade meals were delicious and well worth the 10 euros! Its location is perfect....within walking distance of most must-see places, and if it's not, is close to trains and trams. The only suggestion I would have for the hostel is to possibly include more nighttime activities other than a pub crawl (ex. night tours, drunken activities etc.) Thank you for a wonderful stay! much love
Amazing location and staff!
Super friendly staff and helped when I asked to move rooms. Really great vibe for solo travellers with a cool common area and family dinners
It's very cool place man, you should be here
Best Hostel I've stayed at, super friendly staff with great walking tours the dinner was fantastic will definitely be back!
Great hostel. Maybe not the best option for people that cannot stand noise but everything else is just perfect here.
Honestly one of the best hostels I've ever stayed in. It's super social, I made friends as soon as I walked in the door and there was always people wanting to hang out or go and see some sights or get a beer. The dinners they put on are a great social thing and the unlimited drinks is a bonus! I would say it would be very hard to NOT have the best time here.
The location of the hostel is perfect, situated in city center, close to main sightseeings and metro station! Nice, polite and helpful staff members, average breakfast (2 euros), clean toilets. Generally I enjoyed my stay at this hostel very much, and hope next time when I'm in Lisbon to book this one.
The staff here were very friendly. The cooking facilities are good, although it gets quite cramped in the evening as the staff are preparing meals for many of the guests. The location is good, as the city is very walkable, and you are able to safely secure your bag in the drawer beneath the beds.
I can't say enough about my stay at Yes! Lisbon. From my arrival, the staff were so friendly and helpful, and the atmosphere was always so good in the common area. The 10 euro hostel dinners are awesome (so tasty, and there's a veggie option each night!) and such a good way to meet fellow travellers. Awesome walking tours of 2 different parts of the city, comfy clean

beds, good breakfasts, great location. This hostel has set the bar high for all future hostels. Thank you!!!
It is too expensive thinking about what they offer. There are much cheaper hostels offer free breakfast. Also, the sink is annoying. I can't wash my face in hot temperature because I can't adjust the temperature. Also, the shower rooms are not enough and it doesn't lock completely. Cleaning lady actually opened the room while I was taking a shower even though I locked it
This place was incredible!! The staff treat you like their best friends and truly make it feel like a home. I would `100% recommend this hostel to anyone and I will definitely be back.
This place was awesome. Great staff and location. Their tour to sinter and cabo de roca is a must for the price. Would come back.
Super indico, muito bem localização e atendimento ótimo.
I really liked this hostel!! Amazing facilities, comfortable beds, delicious dinners, staff are super friendly and helpful! Would highly recommend and will be back for sure!
I stayed here TWICE during a 10 day trip to Portugal, and only wish I could have stayed longer. The staff is kind, compassionate, friendly, knowledgable, and welcoming. Their incredible community atmosphere and exciting activities will help you find an international family within your new home away from home. The facilities are beautiful, and provide everything for a comfortable and enjoyable stay. Special thank you to Rui, Fabio, Pedro, Duart
Best hostel ever! Dinner is amazing! Stuff are awesome! And had a proper family feel about it, stayed for 6 night and wish it was longer, honestly can't say one bad thing about it
This Hostel was awesome!!!! They have 10euro 4 course meal and all you can drink. Such a good deal also the location is minutes to stores and the water. They also pub crawl every night. Great Hostel
Friendly and helpful staff from the moment you walk in. The dinners are fun, decent value for Lisbon. Great walking access to most parts of the city. Lockers are HUGE. My only complaint about the hostel itself is the bunk beds are super rickety and move with the slightest shift in the adjacent person. Very much not ideal with the restless, snoring guy who was in the bed closest to me.
Hostel com um ambiente incrível! O staff é super atencioso e animado, as instalações são muito boas e super limpas! Recomendo e voltaria com certeza!
Hostel espetacular, ambiente acolhedor e limpo, localização perfeita e segura, o jantar delicioso. TODA equipe MARAVILHOSA, a todos meu muito obrigada por terem me proporcionado uma experiência incrível!! Agradecimento especial ao staff Gonçalo, imenso querido!
Hostel muito seguro, limpo, confortável, bem localizado e com uma equipe maravilhosa!

Yes! Porto Hostel

O hostel é ótimo. Os funcionários são atenciosos, o ambiente é aconchegante, a chave de acesso ao prédio é bem prática. O quarto é confortável, gostei muito da cama. O Wi-Fi funciona bem. Minha crítica é em relação ao banheiro. Acho que poderiam instalar suportes para toalhas e/ou prateleiras, porque não temos onde colocar nossas coisas quando vamos tomar banho. Não há toalha de chão, de modo que, quando alguém toma banho, o banheiro fica encharcado. Fora isso, é bem legal. Localização excelente
We thought we loved the Yes! Hostel in Lisbon and then we came here and this one was even nicer! Our 4 bedroom room on the fourth floor had two balconies that overlooked the church next door and it was magical. Bathrooms had rain showers with hot water and good water pressure. The beds were big and comfy. We loved the girls working - there they were so nice!! It was very affordable and the location can not be beat. Definitely would stay here again!
One of the best!
Excellent location. This hostel is situated in the center of Porto, with a short walk to the waterfront and across the street from the Clerigos Tower and strip of bars/clubs (far enough away that it doesn't keep you up at night). Staff was very friendly and helpful. The general atmosphere was pretty quiet, they offer a "family dinner" every night for a great price. Large personal storage with automatic security lock (or your own padlock).
Amazing location and great vibe. Highly recommend doing the dinner to meet other travelers, especially if you are a solo traveller. Great food and vegetarian options!

Honestly 11/10. This hostel goes above and beyond what's expected to create the best experience for you and your fellow travelers. Often times the staff would even come out partying after their shifts. Hostel dinners for 10€ are extremely worth it and you get to meet the other travelers, create groups, and go party. Would recommend pub crawl at least one night, but the clubs are right next door so you'll find your way. Some of the best nights of my life, can't wait to come back:)
This hostel is the best! Good atmosphere and super nice staff :D family dinner is very nice! It's clean, the beds are good and they offer free walking tours :)))
Loved this hostel, family dinners were delicious and met so many amazing people. Staff were also so friendly and helpful. Beds/rooms were comfy and always so clean. Hostel was in the perfect location, in walking distance to everything in the city.
It was an amazing holiday! You must try the dinner and pub crawl! Best hostel in Porto
Friendly staff, great location and good vibes! It was my 1st solo trip and I'm happy I stayed at YES! If you go there - try the dinner and bar crawl in the hostel:)
some staff members need more training, they promise everyone a free shot & at the end they said that "we changed our mind as there were not enough people around", not even apologising. Unprofessional. electronic key locker did not work, there was no hangers in the bathroom. Otherwise all good.
Staff and Location was very nice, for 5€ you could have a lovely breakfast in the Café next to the Hostel. The online negative thing is that the Hostel offers free Parking what is not true. They only Tell you where you can park but do not have own parking space
TipTop, nice people.
I stayed at Yes! Porto Hostel for almost a week and honestly this is one of the best if not the #1 hostel I have ever been accommodated. Perfect location, very helpful staff, perfect cleanliness makes this hostel something I can only recommend and if returning to Porto, I will definitely choose this hostel. This is definitely your best choice in Porto.
Best location in Porto. really close to pubs, nightclubs and turistic attractions. Kind staff. The hostel bar stay opened all night.
The hostel is located in the city centre at everything is close, Douro river, pubs area, train station, Harry Potter's library. The staff was very nice and the hostel organized a lot of activities to know new people and meet Porto, for free or without spend a lot of money. The room was very and the beds were confortables.
Awesome and helpfull staff, I spent 4 nights at yes porto hostel, and there is nothing that I could complain about. Would recommend it for everyone who wants to have an good experience in Porto!
Amazing hostel!! Such a good atmosphere here, even when staying during the week. So many solo travellers and the pub crawl was great fun! The rooms were really well designed with a sink in them (helpful!). Dinner was pleasant too
Amazing hostel, all the staff are super friendly. Dinner is great value and great way to meet people. Location couldn't get any better
Wonderful place to stay! I had so much fun and there was a great vibe. It was not too young a hostel and met people of all kinds! Would go again :)
Great hostel, easy to go on the different tours with pick ups there. No complaints!
It was great staying in the YES Hostel in Porto - so clean, cool style, helpful staff... super!
The staff were so kind and helpful! Great atmosphere
espanhol
The family style dinner is really fun! The staff are super friendly especially Bruno! Location is right in the middle of Porto and walking distancing to all the main attractions.
Very good atmosphere. Very friendly, helpful staff. The rooms sanitation were in tip-top condition. Really recommend this hostel.
Would definitely recommend this hostel!!! So central and clean with lovely staff!
Very clean, perfect location, and the staff is super friendly and helpful! The 2 euro breakfast is a great deal for the cost. I did both of the free walking tours and had a fantastic time. In the evening, the lounge is full of travelers and you can meet loads of people, but the noise doesn't travel so if you just want to rest, you can do that as well! Perfect combo. Only downside is that there is no lift, so if you have a large bag it may be difficult, but I'm sure the staff would help anyway!
Amazing hostel, they really get how to bring everyone together and create the perfect atmosphere. Perfect location, clean and great vibe. Dinners together are what make a

community and a great hostel. Wonderful meal with an appetizer, soup, a main course, dessert and an OPEN BAR the whole time! I WILL stay here again. Rita is the best, she went out of her way to be nice, she always said hi by name and knew everything there was to know. I could not be happier.
Honestly it's one of the best places to be. Super nice staff, they make you feel like part of their family and are always very cheerful! I'll be back soon guys and gals ;)
A really great surprise in Porto! The hostel is at the very centre of the city, at the side of Clerigos' church and 50 meters long from the World famous Lello bookshop. It is also very near to Aliados, with buses stop to and from the airport [even at night!], and to São Bento train station. I found the hostel clean and tidy, with not too big rooms and a nice and cozy kitchen. There's a relaxing and pleasant atmosphere!
Brilliant place, great staff. Couldn't have asked for more. Great job!
I had a great stay here, the atmosphere was great, the people took great care of me. Next time in Porto I will definitely go to yes hostel! Thank u guys!
It's a good choice to stay in Yes! Hostel while visiting Porto The location is at heart of city (thus sometime is bit of noisy), facilities of hostel is really nice and staff is helpful. Love this place!
Staff were super helpful, great atmosphere and easy to meet people, close to everything great location. Outlets next to each bed big storage lockers under the bed and secure building with key card/bracelet access. Free breakfast. I would stay here again and would highly recommend it to anyone going to Porto.
Beds are really comfy and the showers were some of the best I have experienced in a hostel!! The staff were very helpful when it came to answering questions and organising tours.
This hostel is located within walking distance to various sights, no need to take the metro anywhere. I recommend you explore the city by foot. I stayed in a 4 person dorm. A little tight, but it does the job. The Reception desk are very helpful! This hostel provides breakfast for ONLY 2€!! Can't beat that. They also offer dinner every night for 10€. I signed up for the dinner and it was the best meal I had in all of Porto! I will definitely be staying here again next time I'm in town. 1€ Beers!
Really awesome hostel with great pub crawls. Staff was super friendly and so were the guests. Really made my stay in Porto amazing
Everything was incredible: very friendly staff, clean rooms/bathrooms, amazing location! The only thing is that the showers never get that warm, and sometimes the temperature fluctuates between cold and "less cold," so I avoided showering more than once over the three days I was there.
Great hostel. Friendly staff, great evening meal and good breakfast. Both extra, but worth the money. I've been there before and I expect to be back
This is the best hostel I have ever stayed in! Awesome for meeting other travelers, great location, amazing staff, free wine at dinner, really great Portuguese food, close to everything, and surprisingly easy to get a good night sleep even in the dorms because of the design of the building. They thought of everything. They even have little curtains in your bunk bed. I can't say enough amazing things about this life-changing hostel, everyone should stay here, it's the most fun I've had traveling.
Good hostel, better than I expected. Good location and surprisingly nice facilities.
Yes Hostel was a lot of fun. We enjoyed connecting to other people and having a good view on the street of Porto. The free shot at 23 o' clock was very cool and i can recommend the port wine tour in Porto which is collecting guests in the yes Hostel. You only have to watch out that 2€ tax a day are not included into your price. All in all a very good experience :)
I am big fan of hostels in Portugal and Yes Hostel is definitely one of the top ones for me. I simply loved the atmosphere, people, the breakfast and dinners, and important of all, wonderful and charming staff! Location is absolutely perfect...right in the middle of key sights.
The staff are fantastic family dinners are great
This hostel has everything you could possibly want from a hostel. Fantastic location, clean rooms and bathrooms, AMAZING STAFF (RITA is the nicest person on Earth). We also stayed at Yes Lisbon hostel but we liked the facilities of Porto one a lot better. Can't recommend this place enough.
Localização bem central ! Café da manhã ok , equipe ok , cozinha com tudo o que precisa para cozinhar . Quartos bons , banheiros bem limpos e organizados .
Short but sweet stay! Would recommend to any solo travellers! Had so much fun and the staff were great!

Perfect location! WiFi works good, everything was clean, bed was comfy and staff was very helpful. Showers weren't always warm enough... Would recommend the Winetour!
Perfect location and very comfortable beds. The staff were very helpful!
Amazing hostel, nice and clean, VERY safe (each bed has an electronic lock you open with your wristband) and lots of fun to be had with the staff and everything that is organised!
Best hostel in Europe!!! Melhor hostel para se ficar na europa!!! Atendimento diferenciado e muito top! Ficamos super a vontade la. Além de um ótimo cozinheiro!!
Very pleasant hostel! I would definitely recommend. The family diner they do every night (8 eur) is a nice way to meet people. If you get a chance to do a walking tour with V, you should do it. The staff was superfriendly and always had recommendations. Great for solo travellers.
Rita was very accommodating, the room itself was very spacious and the facility is very clean. It is located minutes walk from the train station. Definitely will stay there again if I am to visit Porto again.
Really great place to stay in Porto. Very central location with quick walking access to good restaurants, coffee shops and historical tourist sites as well as quick access to public transportation and city tour buses. All staff were very friendly and helpful. I was in a 4 bed female dorm. Room was a fair size with luggage storage under the bed and a heater and sink in the room. Bathrooms were clean (were being cleaned daily) and lots of shower space (I never had to wait to shower). Rita = :)
This was my first hostel experience and it set a god damn high bar - Fantastic Staff (super friendly, very helpful), amazing walking tours, delicious dinner and most importantly a great vibe and people. Young crowd but very well cohort of folks! Highly recommend it - BOOK YOUR ROOM before thinking again. It was so good that despite being in another pre-booked hostel in Lisbon, I ended up going and hanging out at Yes!Lisbon to make friends and plan trips! THAT GOOD ♡
Had a really nice stay here, probably one of the best hostels I have ever been to. The hostel is situated well and the staff is kind. As a solo traveler it's a great way to meet new people through the activities facilitated by the hostel. Make sure to attend the hostel dinner!
Really great hostel! Central to everything the wine tour and the walking tour were both phenomenal! would definitely recommend
Hostel ótimo... O staff é o melhor!!!!
Very nice, clean hostel. Staff were very friendly and I enjoyed eating dinner + drinks at the hostel.
Great hostel right near the city center! Rooms were big and clean and each floor was pretty small so you weren't sharing a bathroom with a lot of people. Dinner was amazing and the whole hostel had a really social atmosphere. The staff were generally very friendly, but a few times I was ignored at the desk while they talked to each other.
This is my second stay here and I would definitely stay again.
I had an amazing stay at this hostel. The staff were exceptionally accommodating and the environment was conducive to meeting people. The dinners at the hostel were always fantastic, the breakfast was cheap and delicious, and the location was central to everything. I will advise however that there aren't many places to hangout if you're not partying, since the common areas are typically populated with a party. Fantastic time overall, have recommended this hostel to all my friends.
Literally the best hostel I have ever stayed in. I can't recommend this place enough to anyone looking at staying in Porto! From the staff to the people we met through out my stay, I could not fault this hostel if I tried. Will definitely be back. Cheers guys xo
This is a great hostel. The staff are fantastic and everyone gets to know each other easily thanks to the cheap breakfast and dinner every night. My only regret is not staying longer.
I stayed at this hostel in September 2016, and when I decided to come back to Porto in February 2018, of course I HAD to come back! It is the best hostel I have ever stayed at in my life. The facilities are comfortable and clean and the location is amazing, but what really makes this place exceptional is the staff. They are all so kind, helpful, and fun. They truly help to create a family-style atmosphere in this hostel, and I miss them already. Can't wait to book my next stay here :).
Everything was very nice, very clean and safe, all the staff was amazing, especially Lorenzo, and the hostel has great vibes. Its location is ideal, in the middle of everything. The only thing

I did not enjoy is that the hot water in the shower goes on and off and it was really painful to shower in cold water in the morning. Otherwise, Its one of the best hostels i've ever been to!
One of the Best Hostels! The location is just perfect! 3min walk from the main station Sao Bento, 5min to the nightlife area. A lot of sights, restaurants, supermarkets everywhere around the Hostel. Clean and nice dorms with curtains for some privacy. Breakfast for 2€ is better than standard. The portuguese dinner for 10€ is something I really recommend! So deliciouse and just nice to eat with the other travellers. The staff is so lovely and makes you feel very welcomed.
Excellent Hostel! Excellent staff, great atmosphere with friendly people! Comfortable beds! One staff member even lent me his personal adapter! Interesting bathroom set up. I had zero issues w/it, but just a heads up, at least on the 4th fl, the bathrooms are mixed, so you could be showering next to a dude (single stalls) while another guy was dropping a deuce in the connected room next to you. That said, AMAZING rain showers, ample hot water. Bathrooms were clean! Would very much recommend!
Melhor localização impossível, e com um staff maravilhoso. O unico ponto negativo é que não tem elevador.
Great staff. Awesome dinners. Take advantage of the pup crawl!!
Lots of fun staying here, really amazing vibes in the common area and the staff are super friendly. Dinner cost money but i believe it's the best that you can get in a hostel for only 10 euros.. I would definitely recommend the place!
Amazing accommodation, at an amazing rate, in an amazing location!
Definitely best hostel I have ever stayed! Very helpful staff, everything is super clean, located in the exactly center of Porto, 5 minutes to everywhere. Thank you!
LOCATION-perfect! Right in the city centre. STAFF- amazing! Friendly, outgoing, kind. They really love their jobs. ATMOSPHERE- Come here to party or to relax and chill. Try the dinner and pub crawl (20EURO) 1 night- preferably your first night because its a great way to meet the others staying at the hostel. CLEANLINESS-nice clean bright white sheets that smelled amazing. A lady came into the room everyday and swept + washed the floor. Bathrooms were cleaned often too. STAY HERE!!!!!!
This is a really nice hostel. The positives it's in a great location, staff is somewhat friendly, and it's very clean. Atmosphere is ok, during dinner times is when people get together. The things I didn't like as much is that the room was small and it seemed crowded. The bathrooms are always wet, to take a shower is also freezing. The room was also extremely cold, even with the heater on, I had to request an extra blanket
This place is great! The staff is great and the facilities are clean. The dinners at night with unlimited drinks for €10 is awesome. You can then follow the dinner up with a pub crawl. The location is also extremely close to the night life area. It is also close by to the city center and many sites/attractions in Porto. Note that there is no elevator.
The hostel is well located with easy access from the train station. The lounge area is a bit small but the kitchen facilities are good. Staff were friendly.
I just stayed one night, but I liked very much. The best breakfast! Very nice hostel with a cool atmosphere! Clean and quiet. Staff friendly! Perfect localization, close to the city center. You can do everything by foot.
A great hostel to meet a lot of travelers and to enjoy Porto's party.
Amazing stay at Yes! Staff are super nice and helpful, feel like home and hanging out with friends even as a solo traveler. This is a fantastic hostel that you should def choose when you visit Porto!
Definitely one of the best hostels I've ever stayed in. Very clean, secure and perfectly located in the middle of everything. The people were very nice and welcoming. It's very easy to meet people (hostel dinners, bar crawls, walking tours) but it is also possible to have your own space if you need it.
